Dr. Lassen says, "I was ecstatic when I found Quest Dental and met the team who works here; they managed to build exactly the kind of dental practice I envisioned myself being a part of. I could have searched for years and not found such an incredible opportunity. The previous owner, Dr. Henry Quest, is a man of integrity who is easy to like. The team is hard-working, friendly, and highly skilled. The patients have been accepting and kind. I really don't know what I did to find something so right, but I will always be grateful and humbled to have this opportunity to serve the people of Eugene, Oregon."

Dr. Steffen Lassen earned his Doctor of Dental Surgery (DDS) degree at the University Of Detroit Mercy School Of Dentistry, where he was honored to receive the Dean's Circle scholarship award and was voted class president by his peers. Dr. Lassen has a long history of dental and humanitarian service that has led him to places like Ecuador where he learned to speak Spanish, Guatemala, Detroit and Washington DC. Following graduation, he accepted a position in a rural, Northern California community health center where, due to the lack of nearby dental specialists and the incredibly large number of patients, he quickly became adept at performing every procedure required in general dentistry. Quest Dental was pleased to add him to the team a year ago, and the practice is quite happy to have him take over from now on.

The practice has received dozens of great reviews from pleased clients over the years. One such review, which can be found on Google Maps, praises the practice for their, "amazing service and wonderful staff," adding, "I am terrified of the dentist's office. However, Quest Dental, Dr. Lassen and the amazing hygienist, Shelley, have gone a long way in changing my mind. They are very considerate and patient. All of my fears were calmed as my numerous questions were answered. There was no judgment, and I felt completely supported 100% of the time. I feel better now than I ever have about a dental appointment. I highly recommend this office."

Another patient says that, "My first visit to Quest Dental was wonderful. Everyone was extremely friendly and right on top of any paperwork. My new dentist, Dr. Steffen Lassen, and his assistant, Stephanie, made me feel very calm and comfortable. They were both caring, considerate and very knowledgeable. I have never had such a thorough dental examination anywhere. They were even aware of medical conditions I have had and were very considerate of my situation. I highly recommend Quest Dental and was very relieved and happy that I had made an excellent decision to go there. It's hard to find a new dentist, and they made the transition very easy!"
