Fast Eddys Keys Express Earns 2019 Angie?s List Super Service Award

February 10, 2020

February 10, 2020 -
Fast Eddys Keys Express, a commercial and residential locksmith business based in Minneapolis, Minnesota, has announced with pride that it has earned the home service industry?s coveted Angie?s Super Service Award (SSA). This particular award is intended to honor service professionals who were able to maintain exceptional service ratings and reviews on Angie?s List in 2019.

Angie?s List Founder Angie Hicks explains, ?Service pros that receive our Angie?s List Super Service Award represent the best in our network, who are consistently making great customer service their mission. These pros have provided exceptional service to our members and absolutely deserve recognition for the exemplary customer service they exhibited in the past year.?

The winners of the Angie?s List 2019 SSA have been assured to meet eligibility requisites, which include maintaining an A rating in overall grade, recent grade, and review period grade. Another requirement is that SSA winners need to be in good standing with Angie?s List and they have underwent additional screening.

Service company ratings are updated continually on Angie?s List as new but verified consumer reviews come up. Companies are given a grade from A through F in various categories ranging from price to professionalism to punctuality. For more than two decades, Angie?s List has been a trusted name for connecting consumers to top-rated service professionals. Angie?s List?s unique tools and support are designed to enhance the local service experience for both customers and service professionals.

Edward Mann, owner of Fast Eddys Keys Express, says, ?We are proud of having consistently earned this award over the years from Angies List. We are a provider of the only genuine emergency locksmith services in the Minneapolis area. The urgency for your residential, commercial and/or automotive locksmith needs is our number one priority. Our emergency locksmith services cover not just Minneapolis but other areas such as Edina, Golden Valley, St Louis Park, Richfield, and Bloomington, Minnesota. When residents of these

places ask themselves, ?where can I find a locksmith near me?,? we?re among to first to come into their minds.?

Fast Eddys Keys Express offers different kinds of residential locksmith services. Among these is their emergency lockout service, and in some cases, people would ask for the rekeying of their locks or change them. The company can provide this type of service in a timely manner so that people will be safe in their homes. They also offer repair services for old or broken locks. Quality is practically assured because they have 30 years of experience. Through the repair of the lock, customers would be able to enjoy some savings. However, if the locks really need to be replaced, their service trucks are stocked with a broad range of residential locks that customers would be able to choose from.

Fast Eddys Keys Express is also capable of providing commercial locksmith services, including for emergency situations. They can provide high security locks with high security keys, including those locks from Schlage Primus, for business establishments. These Primus keys that they are able to provide to their customers are not sold elsewhere, which means that commercial establishments are ensured that the said keys cannot be duplicated by other people unless permission is provided by the customer.

Aside from door locks and keys, Fast Eddys Keys Express can also offer emergency locksmith services for cars and other motor vehicles. This is important because people tend to lock their keys inside their car. This is a key service of the company and this is the reason why Edward Mann had earned his nickname, ?Fast Eddy.? This happened when he responded to a Minneapolis columnist who had locked his keys inside his car. Eddy was able to unlock the car so fast that Johnny, the columnist, began calling him ?Fast Eddy.? This event was what motivated him to name his company as Fast Eddys Keys Express.

People who are in search of Minneapolis locksmith services can take a look their website or contact them on the telephone or through email. They are open from 7:30 am to 7:00 pm, every day of the week.
