Leduc Roofers Receive New Five Star Review

February 12, 2020

February 12, 2020 -
Edmonton Alberta based roofing company, DDCL Roofing & Maintenance recently received a 5-Star review from one of their customers. The Edmonton based company is quite pleased to find that their commitment to being the best roofing and maintenance service in Edmonton has been recognized by their customers.

?I had a clogged sink and nothing I tried was working,? says the review, which can be found on Google Maps. ?I called Daniel to come take a look, and he quickly got his tools to fish out whatever was clogging it. Not only did he unclog it fast, he cleaned each piece of pipe as he was going as well to make sure no future clogs would happen anytime soon! He was very friendly and well-mannered. He didn't leave any mess for me to clean up, it?s as if he was never there! He also helped me move houses, nothing was broken or damaged. He always secured the load and made sure nothing would fall or get damaged. I'll be contacting DDCL for future repairs and maintenance in my household.? Read the DDCL roofing customer review on Google Maps.

When it comes to looking after one?s roofing, it is very important to ensure that maintenance is done regularly?and that it is done by someone knowledgeable and skilled in the field. The roof protects the building under it from whatever nature may throw at it and, if it sustains damage, one may find themselves having to brave the elements directly. A poorly constructed, poorly maintained roof poses a serious risk to both the

inhabitants of the building it is meant to protect as well as the surrounding area. DDCL Roofing and Maintenance provides high quality roofing solutions in Edmonton, and their customers can rest assured that any work done by the Edmonton roofing company will hold up against even the roughest weather conditions.

The Leduc roofers provide top-notch renovation and maintenance at affordable rates. The company is available 24 hours a day, 7 days a week to ensure that their Leduc customers never have to deal with the inconvenience of a damaged roof and a closed roof repair service. The company follows all the required safety procedures when working on a project to ensure that the risk of anyone being hurt is greatly decreased.

Offering their roofing repair and maintenance services all over Edmonton, DDCL takes pride in being a professional subcontractor that one can both trust and rely on. They are Better Business Bureau accredited with an A+ rating. The company?s roofing specialists strive to ensure that every client?s property is well taken care of and that the area being worked on remains clean even after an extensive project has been carried out. The roofing company makes sure that just as much attention is paid to the quality of the work as it is to safety and integrity.

A number of other customers have also been pleased enough with the company?s work to leave great reviews online. ?I hired DDCL to mow my grass and trim the edges in the summer,? says a 5-Star review from a customer named Valerie Muzyka. She also hired them, ?In the winter to shovel the snow. Both of which are done in superior quality and satisfactory to myself. Every time I emailed DDCL, I received an immediate response back by email and via telephone. I like the pre-warning phone calls that DDCL is on the way to shovel the snow or mow the grass. We find that the workers are friendly and satisfying. Due to my disability of walking, I can rely upon Daniel to pick up my mail in the mailbox.?

Another customer says, ?I strongly recommend Dan (DDCL) to be consulted regarding any home/house issues. I contacted him this morning for some work. He came this evening and did an excellent job and explained what he was doing and why.?

Read more about the Leduc roofers online at their website and other online resources. Interested parties may reach out to Daniel Foulkes to follow up on any further inquiries as well.
