New HVAC Services for Sacramento Promotion Shows the Company Lives Up to Its Name

February 18, 2020

February 18, 2020 -

A leading HVAC services provider in Sacramento, Love and Care Heating and Air, is a company that truly tries to live up to its name. They are known for taking unusual steps to help their customers HVAC systems do more than just keep them comfortable. An example of that is they are currently offering advanced HVAC air cleaning ?scrubbers? at a greatly reduced price. They are even including them as a gift when someone purchases a completely new HVAC system. Those at the company say they want to do whatever it takes to encourage their customers to make the air in their homes much safer to breathe.

Company spokesperson, Tim Davidson, had this to say about why they chose to promote these air scrubbing devices, ?Most people do not realize that air inside a home is thought to be 5 times more polluted than the air outside a home. This is not a good thing when you consider that most people spend at least 12 hours a day inside their homes. People do not have to settle for breathing this overly contaminated air thanks to the modern air scrubbing devices that can be added on to HVAC systems. We want to do our part to encourage our HVAC customers to take steps to keep the members of their household as comfortable and healthy as possible.?

Davidson went on to say that there is a lot to like about these indoor health-promoting HVAC devices. He says that the HVAC air scrubbers that they are currently promoting our designed to greatly reduce air contaminants such as pet dander, dust, and allergens. The spokesperson noted that the removal of pollen and other allergens from inside home air will become especially important over the next three months as spring arrives in the Sacramento area. He said they also can be effective against a variety of bacteria and viruses. This includes Strep, Staph, MRSA, E. Coli, Hepatitis A, and others.

There have also been several reviews written on the company that reflects the company?s caring attitude. Shanni Riddle had this to say about the service she received from Love and Care Heating and Air, ?What a fantastic company! I am impressed and truly thankful. I will refer everyone I know to you from this day forward! From the thorough diagnostic to the honest education on my failing unit to the quote on a new system and the one-day install of our new HVAC, the process was sincere and stress-free. Love and Care operated with kindness, straightforward advice and thorough integrity each step of the way. I cannot say enough good things. Sitting in our home enjoying our new AC right now is a blessing - and all in a day! Wow! Thank you, Chris, Jose, Marshall, and the polite young journeyman who worked his butt off. You guys rock!? This review was taken from this Sacramento HVAC provider's Facebook page. This is just one of many reviews on the company?s Facebook page that our very complimentary about the type of service they had received from Love and Care Heating and Air.

Davis says that reviews like this one point out the many ways that they show they truly do live up to their name and care about their customers. He says that they pride themselves on honesty, integrity, price competitiveness, responding promptly to their customers' HVAC problems, and explaining thoroughly in Layman?s terms the work that their customers need to have done. They even send a text message with a photo of the technician that is coming from the company to service a customer?s HVAC system. Davis says they do this to make sure their customers stay safe and are also comfortable with the service they receive from Love and Care Heating and Air from first contact to well after the work has been completed.

The spokesperson for this Heating and Cooling Sacramento services provider went on to say that their current promotion of providing healthy HVAC air scrubbers for $795 installed will continue for the next two months. He added that the current installed price of these HVAC add-ons is significantly lower than their $1200 suggested retail price.
