

NY Dealership Highlights Strengths Of 2020 Audi TT Vehicles

February 18, 2020

February 18, 2020 - PRESSADVANTAGE -

Mohegan Lake Audi, based in Mohegan Lake, New York, is delighted to make drivers aware of the benefits of owning or leasing their own Audi 2020 TT. The leading New York car dealer is now able to offer Audi TT vehicles for sale or lease. They are also offering special rates for their leasing services.

Chuck Reichl, Audi General Sales Manager for Mohegan Lake Audi, says, "The 2020 Audi TT Coupe is exquisite. It is the perfect blend of the dream luxury car and the powerful sports car, with enough horsepower under the hood to leave everyone drooling. Use the all-wheel-drive and seven-speed dual-clutch automatic gearbox to zip along open roads and across traffic in any weather. Its iconic coupe design, with 18-inch double spoke alloy wheels, will make heads turn. Drop by our showroom and check out the interior features for yourself. We are sure you will want one for yourself."

Anyone looking for eco features and value for money will want to check out the 2020 Audi TT. Its fuel performance comes out at 23 MPG urban and 31 MPG on the highway, which is not bad for a sleek sports car which can go from 0-60 in 5.2 seconds with an automatic gearbox. The virtual cockpit is a driver's dream, aesthetically pleasing with exceptionally high build quality. Reichl is delighted that they can now add their Audi TT lease special to the offers already available for those who desire the experience of driving with Audi's latest innovative technologies as well as the sheer pleasure of taking the vehicle on the road. With its spacious trunk, it is the perfect car to get it away from the daily grind. Mohegan Lake Audi's lease special runs through to March 2, which gives everyone the opportunity to drive away with a 2020 Audi TT with no money down.

Recently, USA Today published an article on the company's SUV Lease Services. In the article, Reichl said, "If you have long dreamed of getting behind the wheel of your own Audi, the first step in making your dream a reality is to determine which of these superior models is the best choice for you. At Mohegan Lake Audi, our lineup of Audi models is truly remarkable and, with the number of choices available, we understand how challenging it can be to select the perfect fit. If you don't want to make the purchase without being completely sure, you can also lease a car from us and test it out. That way, you can make sure that the car

you buy is the car that suits your needs. Whether it is an Audi Q8, Audi A4 or an Audi Q5 lease, rest assured that you can find it with us.?

It is no surprise that Mohegan Lake Audi is renowned for their exceptional service and support, which keeps customers coming back to buy again and again when they want to drive the latest and greatest of Audi's lineup. They have thousands of reviews from delighted customers.

For instance, one customer recently gave their overall experience top marks on Dealer Rater (which has over 900 reviews for Mohegan Lake Audi), saying, "Jeff was great to work with. He was personable, knowledgeable and made the sales purchase for the 2016 Audi A3 smooth and quick. We sealed the deal, and my wife had her car within a few days. I would definitely come back and purchase a new or used car from Jeff and this dealership. This was the first time I was in and out of a dealership within less than two hours. I have been buying/leasing cars for over 30 years, and I was truly impressed with the professionalism of this place.?

Praise continues on the Google platform as well, where they have over 100 reviews. Here, another glowing review says, "Bought 3 cars (Anthony Augusta is a great sales rep. If he can't put you in a car, no one can). Service department is incredible, they will not do unnecessary work, and the master tech is awesome (Mark Cohen, the service rep, is amazing. He will truly help without trying to upsell you on unnecessary work). I just can't say enough good things about this place. Been coming here about 5-6 years.?

Reichl states, "We want to thank everyone who has taken the time out of their busy day to leave feedback about their experience. The whole team really looks forward to reading the latest reviews. With over 40 years of continuous business, we've been through the most difficult of times in the auto industry. The innovations coming out now are exciting, and they are also one of the reasons why we want to build a long term relationship with every single customer. Come and take your time with us, we'll go at your pace, with no pressure. We'll do our best to get you into the Audi of your dreams. All you have to do is come and ask.?

Customers who want to take advantage of the dealership's Audi TT lease special are reminded that it runs through to March 2. Those who wish to learn more about Mohegan Lake Audi can find further details on their website, and customers may connect with Mohegan Lake Audi on Facebook to stay abreast of their latest updates and offers.
