

Palisades Mazda Announces New Lease Deal For Mazda CX 9

February 18, 2020

February 18, 2020 - PRESSADVANTAGE -

Nyack, NY based Palisades Mazda is pleased to inform their customers that a new lease deal for the Mazda CX-9 will be available throughout February.

Palisades Mazda announced their February lease deals with great pride, presenting to the community one of the best deals that they have offered in recent times. In this instance, they have decided to offer one of the most popular SUVs in their lineup, the 2020 Mazda CX-9. Boasting enough space for the entire family along with a stylish look and unrivaled performance on the road, this SUV has been a top choice for the most demanding vehicle enthusiasts and connoisseurs, each of whom place the CX-9 among the best all-around options currently available on the market.

Frank Benedict, a representative of Palisades Mazda, says, "This is a vehicle that checks all of the boxes for what you'd look for in a SUV without making any significant compromises in other areas. With three rows and seven passenger seats, the CX-9 takes you and your family wherever you need to be in one comfortable trip, leaving enough space for friends and your carry-ons. Safety and reliability are also a given when referring to this model. It is a vehicle that will not disappoint, making your trips safer as well as more comfortable than ever before."

Benedict states that one of the key selling points of the model CX-9 is the safety it offers. This SUV was awarded the highest possible safety rating by the independent organization Insurance Institute for Highway Safety (IIHS) due to its innovative approach to safety and hazard prevention. The Mazda CX-9 uses a predictive i-ACTIV AWD system to assist the driver and keep them in control at all times. The system monitors different aspects of the vehicle and its surroundings, modifying the vehicle's control and responsiveness to deliver the best performance possible at all times.

"If you are ever worried about losing control behind the wheel and being involved in an accident caused by dire weather conditions, getting a vehicle with this function may be the best option for you," says Benedict. He adds, "Everything from outside temperature to braking patterns will be monitored and adjusted to give you

optimal traction before your wheels ever slip. This system will adapt your vehicle according to the road's conditions, giving you the best possible performance at all times. There is only so much your driving skills can do to prevent accidents, after which it all depends on the quality of your ride. Fortunately, we can say with confidence that this is the best option for you to travel in."

The Mazda model CX-9 does not make any compromises in terms of its aesthetic appeal, featuring an elegant, upscale cabin that makes for a truly premium driving experience. The overall feel of the vehicle's interior embraces this as well, offering three rows of refined comfort, with more volume and third-row legroom than any of the other options on the market. It also complements its looks with improved functionality, offering complete Apple CarPlay integration that allows both driver and passengers to stay in touch with the outside world while traveling.

The Mazda CX-9 can be leased for \$269 per month for 36 months, with \$4,859 due at signing. Purchase options are available at any given moment after signing the initial deal, though customers may choose to extend their lease term or finish it earlier as well.

One of New York's most distinguished dealerships, Palisades Mazda has received several reviews that attest to their outstanding customer service. One of their most recent testimonials says that the customer experienced, "The easiest and most enjoyable time I had buying a car in 45 years. Thanks, Chris and staff, for being so nice and making the purchase of a new Mazda so easy."

Anyone interested in getting a Mazda CX-9 lease deal at a discounted price is encouraged to get in touch with Palisades Mazda or visit their office in New York. The dealership offers prices that are unmatched by any other establishment in the area, complemented by one of the broadest selections of high-end vehicles in the New York area. Their special lease deals change every month, allowing customers to choose the most adequate option according to their needs.
