

Palisades Mazda Announces New Mazda CX 5 Lease Deal

February 18, 2020

February 18, 2020 - PRESSADVANTAGE -

Nyack, NY based Mazda dealership Palisades Mazda, is pleased to announce that they will be offering special deals on Mazda CX-5 leases. This month, anyone interested in leasing a CX-5 can do so for much less than normal. They are encouraged to get in touch with Palisades Mazda while these specials are still available.

The CX-5 is designed with one very important aspect in mind: safety. Driving comes with many risks even if the driver is extremely careful, and driving perfectly is sometimes not enough to prevent an accident from occurring. This is why a driver not only needs to be conscientious on the roads but must also choose a car that is built to help them avoid hazards and reduce the damage that could potentially be done in the event of an accident. The CX-5 was given the highest possible safety rating by the Insurance Institute for Highway Safety (IIHS), an independent organization, because of the innovative way in which the vehicle's design approaches safety and hazard prevention.

Using milliwave radars and cameras, the CX-5 keeps drivers in tune with their surroundings through the vehicle's advanced i-ACTIVSENSE® system. This technology ensures that one is being protected on the road by alerting them to potential hazards. Blind-spot monitoring is also a standard feature on all CX-5s as an extra precautionary step.

"This amazing SUV is more than just a revolutionary car in terms of safety," says Palisades Mazda. "The new Mazda CX-5 has an elegant, upscale cabin that makes for a truly premium driving experience. Thanks to its "Natural Sound Smoother," it reduces noise and vibration so the vehicle stays quiet at high speeds. The Mazda CX-5 has a sleek interior with a 7" infotainment screen, aluminum-look air vents and trim strips. So, if you're already picturing yourself driving this state-of-the-art vehicle that's got everything from great design to superior technology, then we should definitely meet."
