

Landscape Company in Alexandria MN Prepares for 2020 Spring Season

February 19, 2020

February 19, 2020 - PRESSADVANTAGE -

Rockwood Landscape - Alexandria Landscaping Company has announced that they are preparing for the upcoming 2020 spring season. The company is a provider of landscape contractors for Alexandria and neighboring areas. They are capable of designing, installing, and maintaining various landscape components. These include pavers; steps and stairs; retaining walls; water features; fire pits and fireplaces; landscape lighting; outdoor kitchens; rip rap; and planting and maintenance of trees, shrubs and perennials. They also provide irrigation; yard preparation and hydro-seeding; skid loader and mini excavator service; and delivery of landscape materials.

Mike Hvezda, owner of Rockwood Landscape Co., says, "We're preparing for the upcoming spring season to make sure that we're ready to offer the services needed by homeowners and property owners during that time of the year."

He continues, "At Rockwood Landscape Company, we hold ourselves to the highest standards with the services we offer, and in every aspect of the work we do, which is why we provide a 5 Year warranty on all hardscapes (exceeding the industry standard of 3 years). We provide a 3D rendering service to give you the opportunity to see your project in high quality 3D graphics before any construction begins. We are dedicated to offering diverse and specialized services tailored to your unique preferences and situation."

People can be sure that they'll be receiving high quality landscaping services as evidenced from the customer feedback we have received. In the latest Rockwood Landscape review, Steve M. gave them a five star rating and said, "Mike and his crew did rip rap at my house on Lake Osakis. My lake front has never looked so good. My neighbor liked it so much, Mike did his too. Mike went above and beyond to make sure this will last a long time. Thanks so much."

Rockwood Landscape Co. can provide the design, installation and maintenance of pavers and flagstone.

They can provide segmental interlocking concrete pavers and they can install both permeable and non-permeable systems, including flagstone. These paver systems are designed and installed to ensure that they surpass industry standards. By using a combination of various accent colors and textures, they can make an area that will really stand out from the rest. And before starting with the work, they can provide customers with a 3D rendered visualization of the project in high quality graphics.

They can also install accent and seat walls; single and tiered retaining wall systems; planters; and raised patios. They will not take any shortcuts in the construction of the retaining wall systems. They will ensure that they will do it correctly the first time and they will stand by their work through a five years no settlement guarantee.

Rockwood Landscape Co. can also provide various kinds of step and stairs to enhance a home's landscape. These can be made from manufactured concrete, natural stone, or timber. Steps and stairs are often constructed for lake properties to provide a stunning entry. All of these will also be covered by a five year warranty.

And for those who love the outdoors, they can design and install fire pits and fireplaces, which are not just for adding beauty to the home's external appearance. These are also for those who love to enjoy wood fire cooked meals with family and friends or those who simply want to enjoy the outdoors during the evenings.

There are many other landscape features that can be designed and installed by Rockwood Landscape Co., such as outdoor kitchens, for those want an inclusive outdoor living area for entertaining and family gatherings; LED landscape lighting to add the finishing touches as well as provide safety and security to the property; and rip rap to prevent lakeshore erosion for the property.

Those who are interested in Rockwood Landscape Co. - Lakeshore Services, or any other landscape service, can check out their website or contact them on the phone or through email. They are open from Monday to Sunday, from 7:00 am to 7:00 pm.
