Newport Beach, California based cosmetic surgeon Aaron Kosins MD is reaching out to the wider community to share a customer review that praises the services provided by the clinic. Led by Dr. Aaron Kosins, Aaron Kosins MD provides cosmetic surgery for the face, nose, breasts and body.

The review in question, which was left on Google, reads, "I am so fortunate to have found Dr. Kosins for my recent abdominoplasty and liposuction procedure. After interviewing with three plastic surgeons in the area, I quickly realized that I had made the best choice. Not only was Dr. Kosins extremely professional, his surgical expertise is superb and matchless. My results are far better than I could have ever imagined. He is not only a highly skilled surgeon, but he is an artist in this field."

The review continues, "I cannot say enough about the staff, either. From my very first appointment, I felt so comfortable and cared for by the entire staff. Considering that it was a big surgery, I was never nervous because I knew that I was with the best doctor and team. Dr. Kosins answered all my questions and concerns with patience and understanding. What I also appreciated, greatly, was his kindness; he would follow up on my recovery on a regular basis. Dr. Kosins is an excellent surgeon with great attention to detail. He cares

about his patients. His staff are also there to make you feel comfortable and well cared for. Dr. Kosins is a gifted surgeon, and I would not hesitate to recommend him to anyone and everyone.?

Dr. Aaron Kosins, lead cosmetic surgeon and founder of Aaron Kosins MD, says, "At Aaron Kosins MD, we are all about providing the best care for the people who walk through our doors. Here, our philosophy is to first sit down with our patients so that we can understand what they want for themselves before anything else. By being open and listening to each other, we can make decisions about what procedure is right for you.?"

He clarifies, "Here, we make it a point to follow our patients and their surgical results indefinitely in order to build a relationship that lasts a lifetime. My goal is to be your doctor for all your aesthetic needs, but beyond that, I want to make sure that you are getting the results you want. My staff and I will always provide all the information you need to make an intelligent and informed decision. In fact, I even encourage my patients to visit several plastic surgeons so that they can find the person whose style and demeanor is best for them, because it is very important that you are comfortable with your plastic surgeon.?" The cosmetic surgeon's other reviews are also indicative of the excellent service provided at the clinic. On Google, Aaron Kosins MD has a near-perfect rating of 4.9/5 stars. Natalia W. says in her review, "Dr. Kosins is the best! I went to him for my secondary (revision) rhinoplasty after having a bad nose job when I was 19. He was kind, compassionate and honest from start to finish. My dermatologist referred me from San Francisco (she had her nose done by him), and I am beyond ecstatic. His whole staff was amazing throughout the entire process, and the results are beyond what I thought was possible. After 10 years of not liking my nose, I am finally able to move forward. Thank you so much, Dr. Kosins, and I encourage anybody reading this to go see him. You will not be disappointed!?"
