

Online Restaurant Supplier Launches New Line Of Bar Furniture

August 18, 2015

August 18, 2015 -
Restaurant & Cafe Supplies Online, a bar and restuarant supply company based in Pacoima, California, has recently announced the launch of their newest line of bar furniture.

The company provides online sales of restaurant furniture to a nationwide customer base through their website.

The new bar options include reclaimed wood stools, single, double, L and U shaped, and three quarter booths, all available in a variety of colors. Vinyl booths are available with spring-less seats, as well as removable seats with added storage underneath. Custom sizes and colors are available, with standard booth colors being black, wine, and espresso. All products are manufactured by American MAAD, and are available in sizes that will meet the needs of most restaurant or bar owners.

"We have virtually every booth style to fit any taste or restaurant theme, plus completely unique reclaimed wood stools," says Doug Stoutenburg, owner of Restaurant & Cafe Supplies Online.

The new line of bar furniture includes those that are made from materials, such as wood, metal, and/or reclaimed wood. Designs include rustic, modern, or ultra-modern, giving customers precisely what they need to perfectly match their bar theme.

Restaurant & Cafe Supplies Online is a small company, providing one-on-one customer service, meaning that when customers order, they always deal with one of the company's owners. "It's how we keep our customers happy, and how we've earned our stellar reputation in the industry," says Stoutenburg. "We're all about personal service to each and every customer we have."

Many of the products offered by the restaurant supply company are made in America, and many are unique, and one-of-a-kind. The company offers a wide selection of metal and wood tabletops, chairs, booths, table bases, stools, and other furniture. They also provide custom made pieces for those who can't find exactly what they're looking for.

The company also offers financing options to make buying simpler for business owners. Financing information can be found on the website, and leasing experts are available to assist customers with a financing package that is tailor made for specific business owners' needs.
