Cash Offer On House: We Buy Houses In Travelers Rest, SC

February 24, 2020

February 24, 2020 -
Landrum, South Carolina based Cash Offer on House is reaching out to homeowners in Travelers Rest to announce that they are buying houses in the area, no matter the condition they are in. The company offers their customers multiple advantages, including fast closing times, a seamless sales process and fair offers.

The traditional home-sales process is one of the most daunting experiences that any homeowner can go through. The frustration that comes from the seemingly endless number of negotiations that lead nowhere can be enough to discourage even the most strong-willed individuals. This can cause them to give in to uncertainty and despair as they fail to find a buyer for their properties.

"If you try to sell your property by conventional means, even with a real estate agent, you'll find out sooner rather than later that the person at an advantage in negotiations is the buyer," says Don Phelps, a representative of Cash Offer on House. He adds, "Your property is likely to spend months on the market before you receive any serious offers. Here too, however, there are no guarantees of these offers translating into an actual sale."

This is not ideal for anyone who may need to sell their property fast, which is why most homeowners are forced to lower the price of their homes in the hopes of attracting a buyer who is ready to purchase their property. In the end, they end up receiving much less than they would have liked to. On top of this, the associated fees and commissions that add up over time can make this situation even more frustrating. Even after finding a buyer, a seller will learn that more obstacles stand in their way, given that the related paperwork and finishing details of the deal are still in order. This is where Cash Offer on House comes in, offering a convenient solution to this years-old issue that afflicts homeowners whenever they try to sell their properties.

Phelps says, "We buy houses conveniently and in a straightforward manner, shortening the process to its

most vital elements. We understand that not everyone can wait for months to sell their house, nor spend thousands of dollars in repairs for a property they are not planning to keep. We'll come to your house, inspect it and give you an offer for your property in whatever condition it is at the moment, relieving you from the responsibilities of remodeling and repair costs that would otherwise be necessary."

Cash Offer on House makes the home sales process both convenient and fast, professionally handling all aspects of the sale to speed it up significantly and free their clients of any hassle. The entirety of the process takes anywhere from seven days up to a couple of weeks, as the company can inspect each client's property and produce an offer within 24 hours, leaving the client to decide whether or not they want to follow through with it. This offer can be carried out immediately or put on hold while other options are considered, whichever the seller prefers.

"Our expertise and knowledge of the industry allow us to follow through with our offer more quickly than any other company," says Phelps. He adds, "Our team will also handle all of the paperwork necessary to see that the deal is fulfilled within the shortest time frame possible. Another important thing to note is that you do not have to pay fees or additional charges when you sell your property to us as we will run with any closing costs that come along the way to make the sale happen. This is simply the best way to receive cash for your home without having to wait for months, and it is much better than paying a hefty fee to your real estate agent."

Cash Offer on House buys properties in 48 states in the US, facilitating the home sale process for homeowners all across the country. Their offers are based on the current state of the property as well as an average value compiled from similar houses recently sold in the area. This results in a fair offer that frees the owner of repairs and remodeling costs.
