Auto Care specializes in auto detailing services for a variety of vehicles, including cars, trucks, motor coaches, RVs, planes, boats, high-performance cars and more. More information about the company and the services they provide can be found at the following link: [Ahwatukee Mobile Tint Service](#).

Paul, a representative for D.I. Auto Care, says, "No matter how much we might want to do something, life has a habit of getting in the way. You might have been thinking about getting your car windows tinted for a while now but because of one reason or another, you haven't had the chance. After all, taking your vehicle out to the shop and waiting for it to get done is a time consuming task. In such a situation, you don't have to worry anymore. D.I. Auto Care provides mobile window tinting services, and we will come to you when you need us."

D.I. Auto Care also provides mobile window tinting services across the city of Ahwatukee and the surrounding areas. According to the company, it does not matter whether their customer is at their home, office or a garage, they are willing to come out and carry out the window tinting at the customer's convenience. The company is also proud to say that their services are rendered at an affordable price.

Paul says, "Window tinting is very important for many people because it offers a lot of privacy. Further, window tinting also blocks up to 99% of harmful UV rays, and this plays a huge part in keeping the interior in good shape. When it's time for you to sell your vehicle, this can significantly contribute to its value, as vehicles with tinted windows tend to have less cracks in their leather and show less fading in their dashboards. There is also the fact that window tinting can reduce heat in your vehicle by up to 70%, maybe even more. So, there are many reasons for you to want window tinting, but you might be unable to get it done due to timing issues. At D.I. Auto Care, we are all about offering convenience to our customers, and we are trying to make it easy on you to have your vehicle customized just like you want it."

The company provides a number of other services in addition to mobile window tinting services, including auto detailing, mobile window detailing, tint removal, ceramic paint protection, auto glass windshield repair and replacement, car waxing and buffing and more.

The services provided by D.I. Auto Care have earned the company a lot of positive praise from their clients. On Google, the Ahwatukee window tinting service has a near perfect rating of 4.8 out of 5 Stars. In a 5-Star review, Paul Kealoha says, "Just had my windshield replaced, and also removed my old window tint and re-tinted the windows a little darker. Service was excellent. He came to my office. Very easy and painless, I didn't need to take time off from work to get it done."

In another review, Edward Brice says, "I had Paul come out to replace my front windshield, and I realized he also does window tinting. I had him put the strip along the top of my windshield and tint the whole car while he was here. Amazing service and excellent quality of work. I was referred to by a friend of mine who has been using Paul for over 20 years, I would highly recommend it. A+."

Meanwhile, in another 5-Star review, Gabriel Alviar shares that, "I just got home from a 4-day road trip with the wife, and the car was a disaster. It was covered in bugs, food and coffee stains. I called [the company] right down the road from my work to come detail it. Paul did an amazing job. I didn't think all of the bugs would come off but they did. My Mercedes looks great again. Next time, we will take the wife's car."
