

Hair Serum For Frizzy Hair Receives Another Five Star Review

March 02, 2020

March 02, 2020 - PRESSADVANTAGE -

Vitamins Hair Cosmetics has announced that its Hair Serum Keratin Protein Treatment has received another highly positive review from an Amazon.com customer. The customer noted that it was the best hair serum for frizzy hair that she has ever used. This product is a hair moisturizer for the purpose of rejuvenating hair shine and repairing dull and brittle hair. Its key ingredient is a herbal oils complex based on Moroccan argan oil, which may help protect the hair from dust and humidity. This is done by moisturizing, nourishing, and strengthening the hair. The result is that this keratin hair serum may be able to convert coarse and frizzy hair into smooth and healthy hair with minimal tangles. This has been assured to be free from sulfates, parabens, and alcohol, and it can be utilized for color treated, blonded, bleached, curly, thick, colored, straight, thin, or fine hair.

Olabisi O, the customer who gave a five star rating for the hair serum, said in her review, "Best product ever. I have been having hair damage for decade especially during the winter weather. I have tried everything with no changes. I came across this product and my hair problem came to an end. If you have any type of hair problem, please go for this product and thank me later. It is so effective. Am on my second bottle and am loving my hair. No dryness, no frizziness, no breakage, no nothing.. I love it."

Another hair care product from Vitamins Hair Cosmetics that can complement the hair serum is the Vitamins Keratin Hair Mask Deep Conditioner from Vitamins Hair Cosmetics that has been observed to be the best professional hair mask for damaged hair. Those who have already tried using this moisturizing protein hair mask have also noted that it may be able to repair split ends and revive damaged dry hair. This hair mask has also been found to provide soft, smooth, healthy, and shiny hair. It has also been applied on heat and environmentally damaged hair and it was able to bring back the hair's vitality. It has also been noted to possibly be able to repair damages to the scalp and hair cuticles while offering long lasting hydration.

In one of the recent reviews on Amazon for this hair mask, Corey gave it a five star rating and said, "I want to start by saying I'm not big on reviewing things. [?] My hair has always been incredibly healthy but in November it had enough of me. I bleached it twice and dyed it vibrant purple. It has never been in such rough shape. It was stringy/elastic in some parts. Brittle to the point of it breaking off in other parts. I was so upset with how dull and gross it felt. I used this product once the second I got it in the mail and could not be happier. The shine is back. My crunchy ends feel 100x better. I can run my fingers smoothly through my hair. I can brush it without it stretching and snapping back. I would highly suggest this amazing product."

Meanwhile, another product from Vitamins Hair Cosmetics that can complement the hair serum is a keratin shampoo Amazon customers have also reviewed with enthusiasm. This keratin shampoo was observed to be able to clean and moisturize hair, while also adding volume to the hair. Thus, it may be able to provide smooth, clean, and sleek hair, while possibly offering gentle protection from damage by chlorine, chemicals, and humidity. It may also be utilized for hydrating all kinds of hair, whether this is thin, thick, colored, bleached, fine, straight, color treated, or curly hair. The keratin and argan oil contained in the shampoo has also been observed by people to offer hydration, moisturization, and improvement of hair texture. The result is that dull and frizzy hair is transformed into silky, healthy, and beautiful hair.

People who would like to know more about the hair serum and other hair products from Vitamins Hair Cosmetics may want to check out their Amazon page or contact them on the phone or through email.
