March 09, 2020 -
Peoria, Arizona based The Skin and Makeup Institute is reaching out to the wider community to share information about the school. The Skin and Makeup Institute is Arizona's top private aesthetics and professional makeup career school and has been providing their services to the Arizona community for over 20 years. As of this year The Skin and Makeup Instititue is celebrating their 20th year in business.

With an in-depth and detailed 600 hour aesthetics program, the school has contributed to a huge change in the landscape of aesthetics and makeup training in the state. This program helps students understand the function and internal mechanisms of the skin, and they learn spa and salon techniques that will prepare them to perform facial and body treatments as well as clinical treatments that correct a variety of disorders of the skin. Each student will be required to perform mock state board testing as well as additional exams throughout the course to ensure they attain the level of preparation and confidence necessary to pass the state board?s written and practical examinations.

The professional aesthetician school also has a Professional Makeup Artistry course and an Aesthetics for Medical office (Laser Certificiation) course. The school teaches students about the creative and business

aspects of the aesthetics and makeup industry, with the classes being taught exclusively by top-notch instructors who have many years of experience in both the business and beauty industries. The aesthetics for medical office (laser certificiation) is catered towards students who wish to pursue a different path with plastic surgery, dermatology or reconstructive surgery.

Jackie Bryant of The Skin and Makeup Institute says, ?The Skin and Makeup Institute is fully committed to shaping students to become qualified aestheticians who have the marketable tools necessary to obtain employment in the aesthetics industry. Our educators have an extensive range of experience and training, and they are able to provide real world skills to our students, which can prepare students for the many diverse positions available. We believe in rigorous preparation with an emphasis on hands-on training rewards graduates with credentials that support access into the spa/resort, salon, medical and entertainment industry. In fact, students who complete their course work with us and pass state board exams have gone on to careers in high end spas, medical offices and so on. Some have even become makeup artists working with world renowned celebrities.?

She continues, ?Here, our goal is to teach tomorrow?s techniques today. Every single staff member of this institute and every single student knows that this institute was founded on commitment and passion. Our educators and staff understand the dedication it takes to become a competent professional and they have that same level of dedication towards our students.?

The education and services provided by The Skin and Makeup Institute have earned them a lot of praise from their students. In a recent 5-Star review, Marina, a graduate of the school, says, ?I am so glad I chose this school. My instructors were great and very knowledgeable. The students I was with were friendly, helpful and extremely supportive. I also highly recommend looking into their extra classes as they are extremely beneficial.?

In another 5-Star review, Yesenia, a client of the school?s spa and skincare services, says, ?This place is great! The pricing is affordable and my tech, Misti, was the best! She was very nice and informative, always telling me what she was doing and the benefit of the products. The environment was clean and calming, so I was truly able to relax. I definitely recommend student's services, and will be returning for another facial and possibly additional services as recommended. I have told all my friends to book with their's as I know they will not be disappointed!?
