Auto Detailing in Ahwatukee Area Offered by D.I. Auto Care

April 06, 2020

April 06, 2020 - PRESSADVANTAGE -

D.I. Auto Care has revealed that they are providing auto detailing in the Ahwatukee area in Phoenix, Arizona. Through this service of mobile auto detailing Ahwatukee car owners get to have their cars look like new again. The detailing services they provide is for various types of motor vehicles, including cars, planes, high-performance cars, recreational vehicles, trucks, boats, and motor coaches. Aside from auto detailing, they can also offer other services such as window tinting, ceramic paint protection, auto glass windshield repair replacement, and window tint removal.

The auto detailing service is designed to make the car look like new again. And this includes interior and exterior detailing. Exterior detailing involves the cleaning of the outer surfaces and components of the motor vehicle. Aside from washing, the car's outer surfaces may also have to be repainted with a paint that will provide it with a glossy finish. They may also have to clean the chrome trim or replace it. They will also clean the tires, windows, and wheels and other exterior components of the motor vehicle. The outer surfaces of the car will also have to be waxed and then polished.

Paul, a representative from D.I. Auto Care, says, "We're excited to announce that we are offering auto detailing services to car owners in the Ahwatukee area and surrounding communities. Among the many things that we can provide, we can help in restoring interior seats and carpets, increasing the car resale value, preserving the paint condition, engine detailing, removing light scratches, providing ceramic paint protection, making the car clean and shiny, and cleaning and conditioning of leather. For people who are saying, "We are looking for Ahwatukee detailing near me," we suggest that you check out our services."

For the interior, the professionals at D.I. Auto Care will be conducting deep cleaning of the entire interior cabin. This includes the cleaning of different types of materials inside the car, such as vinyl, synthetic carpet upholstery, leather, natural fibers, plastics, and carbon fiber composites. They will also be cleaning and vacuuming the interior, and this will also involve steam cleaning and the utilization of brushes, and liquid and foam chemicals. They will also polish any nonporous surfaces that are in the interior of the car.

Another key service that can be provided by D.I. Auto Care is window tint installation or removal for homes, offices, and cars. Window tinting offers a number of advantages, such as increased privacy; prevention of the glass windshield from shattering; the prevention of harmful UV rays from getting inside the car; up to 50 percent decrease in cooling costs; reduction of heat inside the car; and blocking of 99 percent of both UVA and UVB rays. The window film on the glass can also help prevent the window from breaking and showering bits of glass inside the car when the window glass breaks. This is because the window film can hold together the bits of glass, with the result that the glass bits will be prevented from hitting the car's passengers and cause injuries.

D.I. Auto Care can also offer the replacement of auto glass windshields whenever this is needed. Various benefits from this include less expensive auto glass replacement; quick recovery; guaranteed satisfaction; lifetime warranty; and improved protection. Auto glass replacement may be a better option than auto glass repair in some situations. One is when the windshield already has very low visibility because of the defects on the windshield. This represents a high risk for the car's driver and passengers, particularly when driving at night or into the sun.

Still another important service offered by D.I. Auto Care is ceramic paint protection coating. One of the latest innovations is the nano ceramic coating for cars, boats, and trucks. This provides a glass like coating offering a deeper shine and better protection against the Arizona sun.

People who would like to learn more about the Ahwatukee mobile detailing services can visit the D.I. Auto Care website or contact them through the telephone or via email. They are open from Monday to Sunday,

from 5:00 am to 10:00 pm.
