

Vitamins Hair Cosmetics Announces their Best Hair Serum for Thin Hair Now Available Worldwide

March 16, 2020

March 16, 2020 - PRESSADVANTAGE -

Vitamins Hair Cosmetics is proud to announce that its best hair serum for thin hair is now available worldwide. The company has been known for decades as a producer of excellent hair products, especially for those with thick, curly hair. However, Vitamins Hair Cosmetics has also developed a line of products specifically intended for those with thin, fine hair. In particular, this hair serum has been given positive reviews by cosmetologists and now home users for the many benefits that the product provides.

Vitamins Hair Cosmetics? Keratin products are enriched with a unique complex that contains Moroccan Argan Oil, Wheat Germ Oil Keratin extract and Vitamin E, which all are said to work together to obtain optimal results.

Mr. Tamir, a spokesperson for the company, said, "Many customers were not aware that they could now purchase our products directly, rather than them all being available only through a hair salon. We are pleased to be able to bring more options to our users all across the world."

In addition to the hair serum, Vitamins Hair cosmetics have developed a hair mask for damaged hair and split ends. It is specifically designed to deeply condition, hydrate, strengthen and rejuvenate dry, damaged or dull hair to become soft, smooth & healthy with a rich shiny appearance. This is specially formulated for thinner hair, as the company knows that different hair types have different needs.

Mr. Tamir said, "This is why we developed our keratin hair mask for thin fine and brittle hair - It provides deeply moisturizing and revitalizing treatment for delicate hair. It will not weigh down fine hair as other hair masks and conditioners do."

One user wrote in a recent review of the hair serum, "My hair is severely damaged due to a few years of bleaching and highlights, early menopause, and stress. My long thick hair had broken off and fell out. I've struggled with growth, strength, and dryness for about two years now. I use this serum with the coordinating shampoo and conditioning mask and I am absolutely thrilled with the results."

In addition to the hair serum for thin hair and the hair mask, the line of products available from the company also includes a keratin shampoo sulfate free option. In addition, this moisturizing and balanced formula is intended to have an antioxidant effect. It clears any deposits left by the environment or from other hair products and leaves any type of hair clean, soft, and strong.

Mary Asperson, another user of Vitamin Hair Cosmetics' products, said that she would recommend them to people with any hair type, in any condition. "I have fragile hair due to repeated chemical processes and I also have thinning hair. These products are the best I have ever tried, even as compared to ones that were much more expensive."

According to the company, the hair serum can be used as a leave-in conditioner as well. The formula is said to be very rich and effective, so a few drops go a long way. They also note that for some people the product may increase the body of the hair, giving it more life and movement.

The company also makes a point to be responsive when people contact them with questions or concerns about the products. Many questions have been answered on the various products in the company's Amazon store.

Vitamins Hair Cosmetics was started in 1943 in Israel. The company is still working today to develop new products for hair and body care which are both eco-friendly and toxin-free. More information about its complete range of products can be found on its Amazon store front. At one time the company's products

could only be found in high-end salons. Long-term users are enthusiastic about the fact that Vitamins Hair Cosmetics has now made its products directly available to customers through its Amazon store.
