March 20, 2020 -
Jacobs Low Price Auto Glass, an auto glass shop based out of Dallas, Texas, is reaching out to the wider community to announce that they provide cheap windshield repair services in Dallas and the surrounding areas. The company is among the best windshield replacement providers in Dallas.

Thomas, a representative for Jacobs Low Price Auto Glass, says, ?With one of the largest in-shop inventories of auto glass, Jacobs Low Price Auto Glass is easily the best place for residents of Dallas to get their windshield replaced quickly and at a low price. The expertise of our team and the size of our inventory means that we are able to serve our clients, both walk-in customers and those who just need a quick repair, with great effectiveness and efficiency.?

He continues, ?We understand that there is never a convenient time to have your windshield or car windows broken or damaged. Anytime that happens, it?s bad. At Jacobs Low Price Auto Glass, our goal is to help you out of that unfortunate situation as quickly as possible and at a reasonable cost. We work with all major insurance companies, for those who have their vehicle?s glass covered by insurance. However, even if you don?t have insurance, you don?t have to worry. More often than not, we are able to do the repairs for less

than the cost of your deductible.?

Jacobs Low Price Auto Glass asserts that vehicle owners do not need to worry about their glass or windshield looking different after the repair or replacement is carried out. Unless there is an aftermarket tint applied, the glass will look exactly the same as before since the company is dedicated to ensuring that the tint and shade are the same as the factory installation. If there are factory electronics, such as heated windshields or built in antennas, vehicle owners can be sure that the replacement will have those as well. Thomas says, ?When it comes to the auto glass market in Dallas, we strive to be number one! That means we make sure that we do everything to make sure that our customers are our priority!?

The stellar quality of services provided by Jacobs Low Price Auto Glass has earned the company a lot of praise from their customers. On Google, the auto glass shop has a near perfect rating of 4.8/5 from nearly 300 reviews. A recent 5-Star review from a designated Google Local Guide says, ?Had them do a windshield replacement. They quoted a fantastic price, including labor and tax. Everyone I encountered was friendly on the phone and in person. The shop was super fast, and they totally cleaned up after themselves, plus had me in and out in less than 30 minutes. If ever I need another window, this is the place to go. Very happy with the service and the work performed!?

Matt Carrasco praises the work of the company in another review, saying, ?About six months ago, I replaced my XB windshield with them. I can say that they delivered strong attention to detail, impressive fast service and the best price in town. It is worth mentioning that they were very friendly and professional; from the service desk to the owner and personnel. Here's wishing you good luck for a bright and prosperous future. Thanks very much.?

Similarly, T. Turner-Williams says, ?The people at this business know how to run a business. My experience at this business was pleasant. The staff were friendly, knowledgeable of what type of services they offered and quick with the work I wanted done. I was in and out in about 30 minutes. I'd recommend them anytime. The price I was quoted is what I paid. If you need glass replacement, this is the place to visit.?
