This allows for a much faster and easier selling process and you can avoid paying realtor fees and commissions.

There certainly are a multitude of reasons why homeowners may want to or require to sell their property fast. Some of the most common situations are foreclosure, job relocation, inheritance, divorce, bad tenants, fire/water damage, or upgrading/downgrading. We Buy Houses Greenville can help homeowners avoid most of the hassles and headaches that come along with selling their property. The company specializes in distressed properties and has successfully saved numerous homeowners from foreclosure.

In addition, the company buys homes in as-is condition, meaning that owners do not have to make any repairs or clean out their property. After meeting at the client's property and discussing their goals, We Buy Houses Greenville will give homeowners a written cash offer to purchase their home. Homeowners can choose to accept or reject the offer, with no obligation or cost to them.

A satisfied client said: "Dan and his team were a pleasure to work with. They paid a fair price and followed through on buying my house in Pickens, even going above and beyond with its scheduling needs and the hour Dan had to wait at the lawyer's office because we went to the wrong place."

Wesley Schebs, a spokesperson for the company said: "Our goal as a company is to help you sell your house fast so that you can focus on what's more important to you. We know what it's like to have a house be the first thing you think about each day, weighing on you. It's not fun. We buy houses in Greenville so that you get rid of that headache."
