

A Hearing Loss Center in Lawrenceville, GA is Featuring a New Product

March 16, 2020

March 16, 2020 - PRESSADVANTAGE -

Lawrenceville, Ga.- Beltone USA is featuring the new hearing aid, the Beltone Boost Ultra. Beltone USA is a hearing loss center in Lawrenceville, GA that strives to continually provide top quality service. The Beltone Boost Ultra is a new technology in the world of hearing aids that allows direct streaming from important devices, meaning users can stream their favorite TV shows, podcasts, music and so much more directly into their hearing aid. This advanced technology is sure to improve the quality of life for those with hearing loss.

The Beltone Boost Ultra is for those with severe to extreme hearing impairment. Along with the direct streaming technology the Beltone Boost Ultra also features a NanoBlock protective coating to protect the device from moisture, along with top of the line technology for tinnitus. The device also features CrossLink directionality making it easier for users to focus on hearing what they want to hear while still hearing all sounds around them.

Beltone Ultra technology is a way to improve the quality of life for those with hearing impairment. Beltone

even provides hearing aid care from anywhere with Beltone Remote Care, genuinely making life easier with a multitude of hearing care options, such as the clinic, the app and live streaming.

Beltone USA is a hearing loss center in Lawrenceville, GA who provides free hearing tests. The team at Beltone USA always seeks to find new and improved technology to help its customers with hearing impairment have the best quality of life possible. For more information give them a call at 770-277-3913 or visit them online at <http://www.beltoneusa.com/lawrenceville>.
