Peachtree, Ga.- The new Beltone Boost Ultra hearing devices are the next generation of hearing aids. With top-of-the-line technology, they are designed to increase the quality of life for the hearing impaired. Beltone USA, a hearing loss specialist in Peachtree City, GA, is excited to announce they will be selling the new hearing device. There is a variety of technologies offered in the Beltone Boost Ultra including the ability to directly connect to other services for streaming purposes.

The Beltone Boost Ultra can connect to both iPhones and Androids along with other devices to allow its users to stream phone calls, podcasts, TV shows and much more. The device also has Crosslink Directionality 2 along for the sound to adjust to the user's surroundings making hearing as close to normal as possible. The hearing aid also includes a built-in tinnitus breaker to help relieve tinnitus in its users.

The Beltone Boost Ultra has an increased battery life and is for severe to profound hearing impairment. It also features an increased battery life and the ability to have custom control with the HearMax app. The app

allows the users of the device to adjust hearing aid settings from the comfort of their own home. Beltone still offers clinic visits and live streaming so their customers can choose to adjust and improve their hearing aid technology in the way that best suits their lifestyle.

Beltone USA is proud to serve the local Peachtree community and be a top ear care center in Peachtree City, GA.
