Vital Life Pro Offers The Best Travel Camping Hammock, Now Available On Amazon

August 26, 2015

August 26, 2015 - PRESSADVANTAGE -

Vital Life Pro, global distributor of health and lifestyle products, has announced the launch of its newest product: the Best Camping Hammock, available now on Amazon.com. The product's release on <http://www.amztk.com/best-camping-hammock> marks the company's continuous rise as the leading creator and distributor of health, wellness, and lifestyle goods.

Company founder Sophie Ellen is optimistic about Vital Life Pro's slow-but-steady advance in the online marketplace. "Vital Life Pro's mission is to learn and understand what our audience needs. Our goal is to make everyday living an experience, especially for young women, the adventurous, the go-getters, and health enthusiasts," Sophie stated. "We are just as excited as everyone else with the launch of our latest product."

Vital Life Pro's latest offering is a travel camping hammock suitable for overnight camping, hiking, back-packing, beach trips, and music festivals. It comes in pink and purple, and makes for a perfect present, especially for women because of its colors. The portable hammock, which can be viewed at <https://www.pinterest.com/VitalLifePro/>, is built for the outdoors and indoors, and is lightweight, durable, and

easy to pack. Weighing no less than a pound, it packs into its own integrated stuff sack measuring 19 x 23 centimeters. It is packaged in an attractive purple compact bag for added aesthetic points for the ladies and for added convenience.

Assembling the compact hammock is easy and it can be put up in seconds. It has been carefully made from parachute nylon taffeta and has triple seams for extra strength. Its breathable fabric allows comfort, and its material allows the product to dry easily under wet conditions. In addition, Vital Life Pro's travel camping hammock is made from sturdy carabinas, assuring its durability whenever used. Strong ropes and metal carabinas are used to ensure security.

The company's Facebook page at <https://www.facebook.com/VitalLifePro> has received a lot of positive reviews for the product. Courtney, a frequent backpacker, wrote: "I never thought I'd find a hammock as light and as comfortable as Vital Life Pro's. Me and my friends take turns using it during our travels, because we all know how tiring traveling can get?thankfully I purchased the best travel hammock and I can tell it's going to be a part of every destination I'm going to!"
