Pensacola, Fla.- Prosperous Internet Marketing Inc., a provider of effective internet marketing services in Pensacola, FL, is excited to announce that Holly Tubbs, one of their account managers, has earned two new certifications.

One of these certifications is DM Content Marketing. Upon earning this certification, one will understand how to turn content into free, organic traffic. When a business uses content marketing, their traffic, leads and customers will increase. In the past, content marketing was simple, but as time goes on, more complexities continue to arise in using content marketing effectively. Therefore, it is important for a business to have marketers who understand the best current content marketing strategies. Having earned her DM Content Marketing Certification, Holly Tubbs is a person who can sufficiently fulfill this need.

The other certification Holly has earned is the Paid Traffic Certification. Earning this certification shows her understanding of how to build a traffic system that constantly works to generate leads and sales. This concept is based off of the idea that a business should not pay for traffic, but rather, a business should have

a traffic system that ?pays? them. With the education Holly has gained from earning the Paid Traffic Certification, she is able to create systems that are guaranteed to result in traffic.
