

Auto Insurance Agency in Kingwood Helps Clients Save Money

April 03, 2020

April 03, 2020 - PRESSADVANTAGE -

TWFG- Guajardo Insurance, based in Kingwood, Texas, has revealed that they are helping clients save money on their auto insurance. Through TWFG, people may be able to find the insurance policy that is appropriate for their needs. They offer their services to the greater Houston Texas area and nearby areas. They also want people to know that they are an insurance agency that has invested a lot in technology to provide various ways for clients to communicate with them. The most convenient way of communicating with them is through the telephone. They can have a new auto insurance policy set up just over the phone in just a matter of minutes. More about these can be gleaned from their website at <https://mytexasquote.com/>.

Nato Guajardo, co-founder of TWFG- Guajardo Insurance, says, "We offer several convenient ways to get an auto insurance quote including in person, over the phone, and online. We represent multiple insurance companies instead of just one. In fact, we represent more than a dozen different insurance carriers in Texas. This gives us the ability to impartially shop the competition to find you the lowest Houston Insurance rate available. The only question left is? how much will you be able to save. Call now to speak live with one of our friendly representatives to find out. We will only need about 5 minutes of your time to get started. This time will be used to uncover all the auto insurance discounts that you qualify for.?"

TWFG- Guajardo Insurance can help car owners in Kingwood comply with the state requirements for auto insurance. It should be noted that Texas mandates bodily injury liability coverage of at least \$30,000 per person and \$60,000 per incident, and a minimum liability coverage of \$30,000 for property damage. Drivers in Texas are required by state law to have a Texas auto insurance policy with liability coverage. If the policyholder is the cause of an accident, this basic policy will be able to cover the driver, the vehicle and any passengers and property inside the car. However, additional coverage is highly recommended because the medical expenses and repair/replacement costs caused by a collision are usually more expensive than the minimum amount of coverage. More information about this can be obtained through their website at <https://mytexasquote.com/auto-insurance/>.

Meanwhile, comprehensive and collision coverage may need to be added to the auto insurance policy for those who want to ensure that their property is protected following an accident, even if the policyholder was the one at fault. This will cover the costs of replaced and repaired property, including any rental car charges resulting from the need for car repair. The comprehensive coverage will also cover theft, fire, vandalism, and windshield damage. For those who are worried about their monthly payments, TWFG- Guajardo Insurance can help by customizing a higher deductible policy that will keep the monthly payments down.

Uninsured motorist coverage is also important because of the large number of insured motorists sharing the roads with insured drivers in Texas. This type of coverage will protect the policyholder from the high cost of car repairs, medical bills, and property replacement if an uninsured driver hits the car of the policyholder.

It should be noted that TWFG- Guajardo Insurance also offers other kinds of insurance aside from auto insurance. These include home insurance, life insurance, and business insurance. For instance, they can also help clients look for affordable home insurance rates. They specialize in locating the lowest home insurance rates in Texas, and clients won't have to sacrifice coverage to have a better rate. And because homeowners have unique needs, they will take the time to understand each client's unique situation and come up with a plan that is appropriate for each situation.

Those who are interested in auto insurance or other kinds of insurance in Kingwood and neighboring areas may want to check out their website, or contact them on the telephone or through email. People may also want to get up-to-date information regarding the company by following their Facebook page at <https://www.facebook.com/guajardoinsurance>.
