The Nomberg Law Firm, based in Birmingham, Alabama, is pleased to announce that David P. Nomberg, a partner at the firm, has been named as the new Chairman of the Board of Directors of Heart Gallery Alabama. He will be serving a two-year term as Board Chairman. He has been a member of the Board since 2015 and he has previously served as Vice-Chair and Chair of the Governance Committee. Heart Gallery Alabama, with website at heartgalleryalabama.com, is a nonprofit organization that is committed to locating forever families for children in Alabama's foster care system by educating the public and raising awareness.

Heart Gallery Alabama advocates for children who are living in foster care. They capture each child's unique personality by partnering with professional photographers and videographers. The images and videos that are created are made part of a traveling exhibit and part of a statewide media presence. Heart Gallery Alabama also strives to help potential families in the adoption process.

Meanwhile, The Nomberg Law Firm is a sponsor of the Heart Gallery Classic, which is held each June at Regions Field in Birmingham. The Heart Gallery Classic offers participants a chance to meet the players of the Birmingham Barons baseball team. This is a family friendly event that includes food, drinks, T-shirt, and a

Barons Game. Participants are encouraged to donate to Heart Gallery Alabama. This year's Heart Gallery Classic will be held at the Regions Field, The Birmingham Barons' baseball stadium, on June 7, 2020.

Bernard D. Nomberg, who is also a partner at The Nomberg Law Firm, says, "Heart Gallery Alabama is a nonprofit organization that is close to our hearts because it helps children find foster families in Birmingham. We are indeed happy to announce that David Nomberg is the new Chairman of the Board of Directors of Heart Gallery Alabama. We take great pride and responsibility to do our part and give back to our community. We believe in helping people both in and out of the courtroom."

The partners at The Nomberg Law Firm, Bernard and David, are brothers who have been working together for 16 years, primarily representing injured workers throughout Alabama in workers' compensation cases. They also handle civil litigation including car accidents, on the job accidents, personal injury, wrongful death, trucking accidents, and Social Security disability.

The firm's practice areas include the car accident law, 18-wheeler accident law, employment law, construction accident law, slip and fall law, personal injury law, spinal injury law, Social Security disability law, workers' compensation law, wage and hour law, wrongful death law, and wrongful termination law.

Those who have been injured on the job or have not been given their workers' compensation benefits are advised to contact a lawyer to help them collect the compensation that they deserve after being injured on the job or even outside the workplace in the parking lot of the company's business. There are many rights that people need to be aware of in the workers' compensation laws in Alabama. While the Alabama workers' compensation pays out some of the lowest amounts in the whole United States, a workers' compensation lawyer can help maximize the amount that the injured worker is able to receive.

The Nomberg Law Firm can also help victims of car accidents get the compensation that they deserve. In Alabama, car accident law is part of the personal injury law. The personal injury law in Alabama puts a duty on everyone to act with a duty of care towards one another to avoid causing harm. Unfortunately, there are some drivers who don't drive safely. When they cause an accident, the injured victim can hold the driver at fault liable for the accident. The firm will assist victims of car accidents with both their workers' compensation claim and their car accident or third party claim.
