

The Fluid App Announces ?No Start Up Fee? for New Church Start-Ups

August 19, 2015

August 19, 2015 -

The Fluid App allows churches, both big and small, to offer a self- branded app experience for their attendees without the expense of app development.

The Fluid App helps churches stay connected with features like real-time Activity Feed, Group Messaging, Message Archive, Notifications, Events and mobile Giving. Churches handle their own content, themes and images from an intuitively designed content management system.

?We know that Church Planting is a huge step. The Fluid App wants to be a part of church planting and growth by making this app affordable to the start-up church. From Day One, our App platform will help you to build stronger connections and to keep people engaged in what?s happening at your church,? says Jim Harryman, owner of The Fluid App.

The Fluid App is waiving its regular start-up fee of \$349 for church plants (churches under 200 and less than 3 years old).

Church Plant Package

Start Up = \$0 (this includes your custom iOS and Android Apps)

Monthly cost

\$29/month (2 year commitment) or \$39/month (1 year commitment)

Visit our website at TheFluidApp.Com and click on ?Schedule A Demo? for a live demonstration of The Fluid App. You can also call us at 972-269-1215 or email us at info@TheFluidApp.com. Be sure to mention you are a Church Plant.

The Fluid App is located in Dallas, Texas. Jim Harryman, the owner, is on staff as a Worship Pastor at Life Community Church in Sunnyvale, Texas. The rest of The Fluid App team are also in leadership at their church homes, which inspired the development of The Fluid App platform.
