Flooring Product And Installation Provider Designated As New Karndean Design Center

April 13, 2020

Spartanburg, South Carolina - April 13, 2020 -
Spartanburg, SC based Carpet One Floor & Home of Spartanburg is delighted to announce that they recently became a Karndean design center. This means that customers will now be able to obtain their favorite luxury vinyl from Karndean, one of the country?s leading flooring manufacturers, through Carpet One Floor & Home of Spartanburg. Additionally, the store?s updated status means that their customers can also expect access to the best prices for these products. Notably, customers may enjoy a similar level of access to COREtec?s products as well, another innovator in the flooring industry.

Carpet One Floor & Home of Spartanburg states that the sheer utility offered by Karndean?s floors allows them to be installed virtually anywhere, including over smooth and dust-free subfloors or existing hardwood surfaces. The manufacturer?s immaculate, luxury vinyl is in high demand due to the fact that these products are carefully designed to remain in line with three crucial principles, offering beautiful and aesthetically pleasing surfaces, highly functional properties and easy maintenance.

As the company notes on their website, ?You can accomplish the same natural look of hardwood and even stone flooring with Karndean luxury vinyl. It can be installed in almost every room in your home and performs

great in areas with foot traffic. Karndean luxury vinyl floors are made of five durable layers that each play an important role in how it functions in your home.? Learn more about Karndean?s products at the following link: https://www.carpetonespartanburg.com/karndean-luxury-vinyl-flooring.

Another reason that Kardean?s vinyl flooring is considered so luxurious is the fact that it is warmer to the touch (and therefore gentler on the feet) than other surfaces, such as hardwood or stone. While these surfaces offer other advantages, they cannot boast the same degree of comfort as Karndean?s vinyl flooring. Furthermore, this type of flooring is virtually impervious to chipping, cracking or warping, as one would observe with natural wood and stone flooring, making it an indispensable option for areas such as kitchens and bathrooms. Notably, this product?s sheer versatility also enables its use in a variety of other locations, including offices, bedrooms, playrooms and more. Homeowners and administrative staff alike will probably appreciate the fact that Karndean?s luxury vinyl flooring also does not require any underlay?they absorb excess noise on their own.

COREtec offers a similar degree of quality, and customers may look to this manufacturer's catalog for luxury tile, wood veneer and engineered stone flooring. In either case, shoppers are welcome to reach out to Carpet One Floor & Home of Spartanburg?s customer service department in order to explore all the options at their disposal.

Given the ongoing COVID-19 pandemic, customers should note that Carpet One Floor & Home of Spartanburg has reduced their showroom hours. However, many will be pleased to learn that they have expanded their services in other ways to compensate, communicating with customers over the phone, through virtual means and by private appointment. Through these measures, the store will continue to offer their full catalog of products and maintain the high quality of service they are known for during this period.

They state, ?During these unprecedented times, Carpet One Floor & Home is putting the health and safety of our communities, employees and customers first. You can rest assured that we are following the latest CDC cleaning and social distancing guidelines to help combat the spread of COVID-19. Follow us on Facebook to stay up to date with our latest offers, news and announcements.? The store is making every effort to accommodate their customers. As such, they invite all interested parties to get in touch in order to learn how they can browse the company?s expansive catalog, examine samples and more in safety.

Reviews from the store?s customers place heavy emphasis on the value of their products and services. For instance, Heather Rivers says in their 5-Star Google review, ?This is the second time we have had Carpet One Floor & Home update our floors, and once again they did a fabulous job. The carpet looks so nice, I want to update the wall paint and buy new furniture too! We are very pleased. Thank you.?
