

MedSource USA Now Has High Quality Traction Tables In Stock

April 14, 2020

April 14, 2020 - PRESSADVANTAGE -

MedSource USA has made a name for itself in the provision of high quality medical equipment. The company has been in operation since 1996 and has served many clients across America. Their clients include individuals, professionals and healthcare facilities. The company has recently announced that they have added their traction tables stock to make sure that all professions are taken care of.

According to the company, "We always strive to make sure that all our clients are covered. This is why we always expand the high quality equipment we provide. Additionally, we make sure that the ordering, shipping and payment options diverse and easy to use. Some of our traction tables have the following qualities: The ADP400 Traction table consists of: four sections, friction free gliding lumbar section, turret mounted traction pedestal allows for angular pulls, head and foot sections incline up to 90 degrees, head section lowers to 25 degrees, 400 lb (181 kg) lifting capacity, adjustable height range between 21.5" to 41.5" (55 cm to 105 cm), standard hand control, optional foot control and optional retractable caster. Friction Free Lumbar Section Separates 5" and rolls on 4 Steel Ball Roller Bearings. The Rolling Section can be locked in any position with a positive gear rack system. Top Section: Four Piece Width: 27" Length: 76" Overall Length: 99" Head Section: One Section 15" x 27". Raises 45 Degrees. Lowers 90 Degrees. Contoured Face / Nose opening.

Center Section: 10" x 27". Thoracic Section: 17-1/2" x 27". Foot Section: 33" x 27". Raises 80 degrees.?
