August 26, 2015 - PRESSADVANTAGE -

Foot Forward Shoes, based in Hamilton, New Zealand, is proud to announce that they will now be carrying Disney Vans in their store. Vans is an incredibly popular brand of shoes that are available in many different styles. The Pooh Bear and Disney Friends range of Vans shoes have been long awaited, so Foot Forward Shoes expects these shoes to sell very well.

"The Pooh Bear stories cross the generational and also geographical divides, so I am sure these will be very popular here in New Zealand," says Amanda Houghton from Foot Forward Shoes. "We have all been bought up with the classic tales of Pooh & his mates."

Vans has already had a number of highly successful themes in its shoes. These include Star Wars, Liberty Prints, Yo Gabba Gabba, and more. The new line of Disney Friends and Pooh Bear is their latest style. The shoes are available in toddler, youth and adult sizes.

"Vans releases the Disney footwear and apparel collection online, at Vans retail locations, and select retailers," says a representative from Vans USA. "Sharing a rich heritage rooted in Southern California, both

Vans and Disney are dedicated to those who are young at heart and never stop following their dreams."

Vans shoes have long been popular with the skater and surfer community. From that community, they turned into a high fashion item and people from all sorts of sub-cultures now wear them. Vans shoes are known for their great quality and they are some of the most comfortable shoes to wear. Additionally, they look fantastic and the new Pooh Bear and Disney Friends models are exceptional.

Looking at the shoes, it is clear that Vans has been able to fulfill its vision of creating something that is suitable for people of all ages. While they show the traditional images of the Disney Friends or Pooh Bear, they have been tastefully designed so that they don't look childish. Rather, the shoes are fun and funky and will go with any type of outfit. Furthermore, they are suitable for men and women alike, as the images cross gender barriers.
