She was hooked after that uses her own sunless spray tan solutions exclusively for her tanning needs. "I will never again have to deal with uneducated teens working in tanning salons trying to sell me expensive package deals. I no longer have to hike though sand and burn on the beach. The spray tanner came to my home, and in about 20 minutes my skin looked tan and felt awesome. She gave me great tips to make the tan last longer so I followed her instructions and was really pleased with the results. SO much so that I got into the industry. My

skin has never felt better. Friends always think I look like I've dropped a little weight and looked a bit younger or refreshed, like I had just come from a wonderful vacation. All because of a simple spray tan. It's awesome!"

TantrumMobileSprayTans.com was launched after Melinda conducted extensive industry research seeking only the best solutions and top pros to train her. Earlier this year she decided to expand the business throughout Palm Beach, Broward, and Stuart Counties.

She attributes Tantrums' growth to her and her team's commitment to outstanding customer service, their unique training/certification process and their use of best, state of the art spray guns.

Tantrum technicians are required to spend many hours studying the curves of the human body in an effort to understand different ways to accentuate specific areas, and highlight certain features for clients through their spray tanning applications. Due to their staff certification process Tantrums' sunless spray tanning system has become a South Florida leader. Miss Dixon herself most recently sprayed a pair of actresses for their upcoming scenes on a nationally syndicated television show, she's also recently been asked to train new folks coming into the industry nationwide.
