## **Georgetown Personal Injury Lawyers Tus Abogados Locales Schedule Next Educational Webinar**

*April 16, 2020*

April 16, 2020 - PRESSADVANTAGE -

Georgetown, DE - The Georgetown Injury Attorneys at Tus Abogados Locales have made public the schedule for their next informational webinar.

David Petrone, Esq., elaborated on the event, "On April 16th, we will be holding yet another webinar in which we will be sharing some legal insight with our community. Personal injuries resulting from negligence are considered to be quite common. Yet, many of the residents of Georgetown are unsure who to turn to for help when they find themselves in such a situation. In this webinar, we hope to bring forth valuable information that will help victims of these injuries understand their legal options, as well as their potential avenues for compensation."

Tus Abogados Locales is a firm of personal injury attorneys in Georgetown who have previously fought and won cases related to medical malpractice, slip, trip and fall incidents, auto accidents, workplace injuries, and more. It is their policy to offer free consultations to individuals who've been victims of injuries and who are looking for legal representation.

Petrone expanded on the importance of free legal consultation for all, "Time and time again, we come across individuals who are forced to settle for minimal amounts simply because they did not know their legal rights. By opening our doors to any who believe they need legal advice after an accident, we want to make sure that no victim of injuries ever feels like they are fighting alone, or that they should have received a more appropriate settlement for the injuries they suffered."

Georgetown residents who want to attend the webinar should get in contact with the Tus Abogados Locales team by emailing [info@tusabogadoslocales.com](mailto:info@tusabogadoslocales.com).

Georgetown Law Office: Tus Abogados Locales 21133 Sterling Ave #1b, Georgetown, DE 19947, USA. (302) 274-0384.
