Swarthmore, PA Workers' Comp Lawyers Tus Abogados Locales Announce Public Webinar

April 16, 2020

April 16, 2020 - PRESSADVANTAGE -

Swarthmore, PA - The Workers' Compensation Attorneys in Delaware County who form part of the Tus Abogados Locales team have made public the schedule for their next digital webinar.

"We've chosen Wednesday, April 16th, 2020 as the date for our latest online informational seminar in which we will share insightful information regarding the workman's comp system. Throughout Delaware County and the State of Pennsylvania, employees are subject to workplace injuries on a day-to-day basis. For this reason, we've chosen to hold this webinar - to put this invaluable information in the hands of those who need it most," explained David Petrone, Esq., a partner at the law office.

From their Swarthmore law office, the Tus Abogados Locales team handles workers' compensation claims, along with disability claims, for victims of workplace accidents and injuries.

"Unfortunate as it may be, we can't stop injuries from taking place at work. However, we certainly have the potential of helping the victims of these injuries to obtain the compensation they desperately need to stay above water financially. We're also aware of a need in the community for 'abogados de compensacion al

trabajador,' which has led us to offer our services and insight in Spanish," concluded Petrone.

Aside from workers' comp and disability claims, the legal professionals at Tus Abogados Locales also deal with all types of personal injury cases. Moreover, legal consultations by their attorneys are offered for free and at no obligation.

Individuals interested in attending this webinar should reach out to the team at info@tusabogadoslocales.com.
