

McHenry Roofing Reaches Ten Year Milestone in Baltimore, Maryland

May 07, 2020

BALTIMORE, MD - May 07, 2020 - PRESSADVANTAGE -

Baltimore, MD - McHenry Roofing is pleased to announce that the company has reached the milestone of ten years in operation, throughout the Baltimore metropolitan area. The residential roofing contractor provides a range of roofing-related services, including free estimates, old shingle removal, new roof installation, reroofing of sections, and minor repairs. McHenry Roofing can raise the property value of the customer's home by installing a brand-new roof. The firm can replace specific sections of an old roof that are causing problems, as well.

A satisfied client said: "We had a hail storm damage our roof beyond repair, and Justin came out to explain the process to us. Justin was easy to work with, his crew is fast and courteous, and they cleaned up thoroughly. He made the process so easy, we would definitely hire him again!?"

Addressing any roof issues as quickly as possible is essential to prevent major damage and minimize long term repair costs. Especially in the aftermath of a severe storm, contacting a roofing contractor to check the

roof and provide the necessary repairs is the best way to ensure that the roof is in optimal condition.

Replacement of an existing roof can change the appearance and the weather-tightness of the structure, as well as preventing mold and mildew buildup in the home. The roof installation services provided by legend include reroofing of sections, all-new roof installation, asphalt shingle replacement and free roof installation estimates. McHenry Roofing is the trusted roof installation experts in Cedarcroft, Charles North, Glen Oaks, Guilford, Dickeyville, Franklinton, Hunting Ridge, Irvington, Saint Agnes, Violetville, and Belair-Edison. The company offers a wide range of services including storm damage repair, roof replacement and new construction, working closely with each client to ensure that the final result meets all their needs and preferences.

A spokesperson for the company explained, "There are several reasons why you might want to have a new roof installed. It is obvious that a new roof will raise the value of your property and will prevent environmental hazards. A new roof installed by McHenry Roofing can also save you money on your monthly energy bills by allowing your HVAC system to operate more efficiently. And last but not least, a new roof can increase the curb appeal of your Baltimore, Maryland home."

"There are several reasons why you should choose McHenry Roofing to provide trustworthy roofing services," he stated. "We have over 20 years of professional roofing experience. We deliver top-notch roofing services to the Baltimore area with efficiency and professionalism. We specialize in residential roofing work, making us your best choice for repairing your old roof or installing a new roof for your home construction project. We offer free roofing estimates and can handle any size roofing project. We are fully licensed and insured and pride ourselves on achieving 100% customer satisfaction."

The expert contractors from McHenry Roofing continue to be the best in the industry, as each of their processes reflect every one of their values. As one of their past customers said, "This company certainly offers what they promise. The roofers showed up as they promised and they were on time. They started to perform the inspection and I was able to observe. They were really thorough, checking almost every corner of my roof, inside and out. They were very organized and very specific in their reports, I never felt they were hiding anything. The roof inspection report they gave me was pretty much accurate and the quotation was reasonable. I really appreciate their honesty and professionalism."
