Award-Winning Dog Walking/Pet Sitting Company Offers Transparency, Flexible Service Options to Roslindale Pet Owners.

Jamaica Plain, Massachusetts ? Paws to Consider, a Jamaica Plain-based dog walking and pet sitting company, today announced that it is expanding its services to Boston?s Roslindale neighborhood.

Paws was founded in 2002 by Joel Israel to provide superior dog walking services to pet owners in Boston neighborhoods. The company?s mission is to deliver complete transparency and peace of mind with its modern approach to dog walking that leverages innovative app technology so clients know precisely where and when their dog is being walked. All dog walk clients receive a map of their pet?s walk route, photos taken during the walk, and details about the dog?s interaction with its walker, other dogs, and surroundings during a visit.

The business grew through word-of-mouth from its many satisfied clients and now serves pet owners in West Roxbury, Jamaica Plain, Brookline, Hyde Park, and Allston. Expanding the service area to the Roslindale neighborhood felt like a logical move for Israel, as the community is home to several parks and pet supplies stores.

“Roslindale is a dog-friendly community and we look forward to giving pet owners there the same reliable, professional level of service enjoyed by several other Boston neighborhoods,” Israel said. “Our team prides themselves on giving prompt communication and detailed notes about each visit so owners can relax knowing their family member is safe and cared for.”

Dog owners have several flexible and affordable walking service options to choose from. The company offers 15-minute, 30-minute, or one-hour long walks to accommodate a pet’s individual needs. Paws to Consider also offers cat care and pet sitting services and is available to care for pets seven days a week. Clients can easily book services and make payments through the company’s convenient online customer portal.

The company is fully insured and bonded, and is a proud member of the National Association of Professional Pet Sitters (NAPPS). Each professional dog walker employed by Paws to Consider has been carefully vetted and passed thorough background checks. They are also highly skilled in handling all types of dog personalities and interaction situations. All new Paws to Consider clients receive a free meet and greet consultation that allows their dog to meet a walker so they can get learn about their individual behavior, personality, and needs before services begin.
