

Gero: Glock's Best-Friend Launches Holster On Amazon

August 27, 2015

August 27, 2015 -
Federal Heights, Colorado company GERO, has launched a holster on the Amazon marketplace that is designed to be the epitome of accessories for Glock pistols. The holster offers a number of benefits, including the fact that it allows rapid release of the pistol and its ability to hold up to 25 pounds securely.

One thing that has made the Glock pistol such a favored handgun by gun-enthusiast and active duty men and women alike, is its accuracy. For example, police officers were amazed during the earlier years that they could learn how to use this weapon quickly, and that their accuracy improved significantly over the handguns that they were currently using. Since the late 1980's, Glocks have been the handgun of choice for police forces around the nation, and the brand still continues to be the number one assigned handgun in police districts all over America.

Isaac Salguero of GERO announced, "We designed this with emergencies in mind. It's fast and can literally be installed anywhere, making it one of the must-have Glock accessories."

The ease of installation involves mounting tape and screws that are used to attach the magnetic base to any

preferred surface. The holster can be installed in a vehicle, out of sight, on a bedroom nightstand, or anywhere that is needed to safely hold a handgun.

Deputy Hugh Wayne states, "It seriously has a fast release. I mean, I couldn't get my Glock out of this thing any faster if I tried. That's what makes it the perfect companion for any handgun."

The said Glock holster allows for guns to be safely stored in moving vehicles with ensured muzzle position control, enabling users to hold pistols in any position they choose. The company states that it would take an "earthquake of a 7 on the magnitude scale to break loose your firearm from this magnet." And despite the firmness of its hold, the pistol can easily be released by just moving it to the side.

The handgun holster is currently considered to be one of the bestselling items on the Amazon marketplace. For more information about the holster, or GERO, interested consumers can visit the company's official website.
