

## **Platinum Squirrel Removal to Provide Services in Wayne & Oakland County Michigan**

*May 04, 2020*

May 04, 2020 - PRESSADVANTAGE -

Platinum Squirrel Removal, a new division of Platinum Wildlife Removal that is based in Northville, Michigan, has announced that they will be focusing on removing squirrels in both Wayne and Oakland County, Michigan. The company is certified in the Richard Hodges metal work system for sealing up home soffits. Also, they would like people to know that they are open and continue to provide their services in spite of the Covid19 situation. The Michigan Economic Development Corporation has specified that wildlife control technicians are essential critical infrastructure during Covid19 response. Naturally, they are taking every step possible to minimize contact and the possibility of exposure for both customers and employees. Updates on squirrel control services that may be affected by the virus can be found on the Platinum Squirrel Removal Facebook page.

Kevin Scappaticci, a representative for Platinum Squirrel Removal, says, "With the influx of families staying home, we have had a spike in homeowners hearing running and chewing in their attic that may have went unnoticed with the normal everyday hustle and bustle of daily life. Rest assured you have found the right company, even amongst this crisis, to handle any nuisance wildlife issue." Kevin also says a video project is being worked on to address the most frequently asked questions in video format on the Platinum Squirrel

Removal YouTube channel.

He continues, "And did you know that a lot of our squirrel removal and exclusion work can be done from the exterior of your home? We can fully assess and seal up most homes from the outside without ever entering your house! You can also pay with a credit card over the phone. This allows you to have our full range of squirrel control and animal removal services done, while maintaining proper social distancing. So please don't hesitate. Call us now to set up an appointment. You can know that you have the most capable wildlife removal team at your disposal and that we are ready no matter what to rid you of those critters.?"

Platinum Squirrel Removal is fully licensed and insured for removing squirrels in the attic in the state of Michigan. They are able to provide comprehensive solutions for eliminating those squirrels safely and efficiently. And they make sure to utilize only the latest humane squirrel removal techniques and equipment. They are also continuously innovating new methods as well as attend training and certification courses provided by squirrel biologists.

Their primary squirrel removal service areas include Lansing, Rochester Hills, West Bloomfield, Grand Rapids, Ann Arbor, Novi, Troy, Royal Oak, Sterling Heights, and Jackson, Michigan. Other service areas include Berkley, Beverly Hills, Auburn Hills, Birmingham, Bloomfield Hills, Bingham Farms, Clawson, Dansville, Clarkston, Edgemont Park, Farmington Hills, East Lansing, Ferndale, Franklin, Farmington, Hazel Park, Holly, Haslett, Huntington Woods, Keego Harbor, Holt, Lake Orion, Lathrup Village, Lake Angelus, Leslie, Madison Heights, Leonard, Milford, Northville, Mason, Okemos, Orchard Lake Village, Oak Park, Oxford, Pleasant Ridge, Ortonville, Rochester, South Lyon, Pontiac, Stockbridge, Sylvan Lake, Southfield, Webberville, Williamston, Walled Lake, Wixom, and Wolverine Lake.

Platinum Squirrel Removal will provide comprehensive home inspections, humane squirrel removal, and clean up and damage repair. And once the squirrels in the attic have been removed from the home, they will seal up (squirrel proof) the home to ensure that future squirrels will not be able to enter the attic. This is important because residual smells can be left behind and the vacant den can attract more squirrels.

Before they even begin setting up squirrel traps, they will first conduct a thorough home inspection to determine the vulnerable areas and where squirrels are able to enter the home to get into the attic. And once the entry points for the squirrels have been determined, they will then set up humane squirrel traps to get rid of the nuisance squirrels quickly and humanely, so that damages may not accumulate as a result of their prolonged stay in the attic. After the squirrels have been removed from the attic, they will then clean up the nest and the debris that have been left behind. They will also restore insulation if this is required.

People who are interested in squirrel removal services for their home or building may want to check out the website of Platinum Squirrel Removal, or contact them on the telephone or through email.

## Platinum Squirrel Removal

*Removing squirrels in the attic is a job that needs to be done by experts. While they can appear harmless, squirrels have the potential to do a great deal of damage to your home, and can be dangerous to the health and wellbeing of you and your family.*
