April 20, 2020 -
Smyrna, DE ? Schuster Jachetti LLP, Smyrna personal injury attorneys plan on hosting their next informational webinar at the end of the month.

?On April 30, 2020, at 9:30 PM, our legal team will discuss what steps a car accident victim should take, regardless of who is at-fault for the incident. Injuries sustained by a car, motorcycle, or truck accident are all caused by some form of negligence. We hope this webinar helps answer any questions victims may have on what types of negligent acts cause accidents and what to do if an individual is involved in one,? shares Joseph J. Jachetti, a managing attorney.

The personal injury lawyers in Smyrna at Schuster Jachetti LLP have served thousands of residents for over 30 years and fight aggressively for their clients to obtain compensation for their damages. The legal team pursues other injury cases for clients caused by slip and fall accidents, work-related accidents, medical malpractice, and other types of suits.

Mr. Jachetti explains the result of negligence, ? The lack of care from drivers is 3unfortunately what causes

the majority of car accidents. Common examples of negligence are a result of a driver taking a phone call, answering a quick text, taking a sip of their drink, and even falling asleep. Our legal team understands the turmoil an accident like this can cause, and our goal is to handle the claim in its entirety so the victim can focus on the healing process.?
