Orlando, Fla. ? In celebration of National Hug a Plumber Day on April 25, a plumbing service in Orlando is showing their appreciation to their employees for all that they do for their community. For Mr. Rooter, National Hug a Plumber Day is a reminder to say thank you to those who are working behind-the-scenes to protect the health and well-being of the residents and businesses in the area.

Even during the difficult times people are currently living in due to COVID-19, plumbers are still hard at work to ensure the lives of their customers are not interrupted by plumbing mishaps. April 25 is a fun and creative way to bring awareness to in-home plumbing health, the importance of clean water supply and overall community sanitation practices.

The technicians at Mr. Rooter of Orlando have received many glowing reviews from happy customers. Sean G., a satisfied customer of Mr. Rooter, says, ?Look no further. Just go ahead and book them. These guys were fantastic. We tried another company who charged us double and did not fix the problem. Our technician

- Matthew - was wonderful. Very knowledgeable and was able to determine the problem right away. More importantly he was able to fix it for less than the estimate. Very honest and reliable. These guys will be my go-to plumbers for any work that I need in the future.?
