April 24, 2020 - PRESSADVANTAGE -

Westchester, NY ? At Banville Law, the Westchester personal injury attorneys have announced their next scheduled legal webinar for those to sign up.

"On April 30th, 2020, at 9:30 PM, our legal team will be hosting an informational webinar on what protocols to take after sustaining injuries at the workplace. Having a clear understanding of what measures to take after a work injury or illness happens is a vital part of the workers' compensation claim process. After handling thousands of workers' comp claims, our team of experienced attorneys are committed to receiving maximum compensation for our clients," states Laurence Banville, Esq.

The injury lawyers in Westchester at Banville Law will take on workers' comp cases at the initial filing process or after the claim was denied, during the appeal process. The legal team extends its services, handling personal injury claims caused by slip and fall accidents, medical malpractice, and car accidents.

Mr. Banville shares, "We carry years of experience helping injured workers and pride ourselves in the level of care and commitment we provide our clients. Workers' comp-related medical bills can quickly add up, and our

legal team understands the financial pressure it can cause on a family. This is why we always offer free, no-obligation consultations for clients, so it's best to schedule an appointment to go over the specific details of an individual claim."
