

Yet Another 5-Star Review is Written on Roofers in Clinton Township MI

May 04, 2020

May 04, 2020 - PRESSADVANTAGE -

Miller's Home Improvement is a company that takes great pride in the roofing services that they do and in the excellent way that they treat their customers while performing that work. That type of effort from this roofing contractor has led to many glowing reviews being written on them. Such is the case with a recent 5-star review that was left on this popular roofing company. Those at the company were so pleased with this review that they wanted to share it. This review was short and straight to the point but it highlighted the efficiency and quality of this roofing contractor's experienced crews.

In the review mentioned above, Robert Gillespie says, "Great crew, got here at 8 am, tore off old shingles replaced boards, put down New shingles, cleaned everything and were gone by 12:15. I highly recommended them!!" Receiving reviews with glowing praise is nothing new for this highly-rated Clinton Township, Michigan roofer. Along with this Miller's Home Improvement customer review, there are 9 others on the company's Google My Business listing. Every single one of these reviews rates the company's services 5 out of a possible 5 stars.

Here is another example from that group of Google Maps reviews; in it, Ken Whitley writes, "Eric and his

team at Miller's Home Improvement did an exceptional job replacing our entire roof, including a skylight. We solicited multiple quotes, ultimately choosing Miller's Home Improvement based on others' recommendations. Eric was timely and thorough in communicating before, during, and after the project. Minor issues were professionally discussed and quickly addressed. Cleanup was immaculate on both days of the project.?

Company owner Eric Miller talked about what these stellar reviews mean to him and his workers, "Many companies sometimes just go through the motions when they are doing any type of service work. That has never been good enough for us here at Miller's Home Improvement. The employees that last the longest with me are the ones who not only work for a paycheck but take great pride in the work that they do. I must say that because of that philosophy, I now have a crew that brings their best to work with them every single day. It's a company owner's dream come true and that is also reflected in the many glowing reviews that are left on our roofing services. I love sharing these favorable reviews with my crew because it gives them great incentive to continue doing outstanding roofing work.?"

As the second review that was mentioned, even larger roofing projects such as whole roof replacements are no problem for this experienced contractor to complete. Miller says he will first meet with a customer who needs this type of repair to inspect the roof and go over with them what they found. Next, he says that he will write up an accurate estimate from them that details the steps that will be taken in the re-roofing process. The company owner says that a roof replacement typically involves not only putting down a whole new roof covering but also replacing the insulating underlayment to make a roof as watertight and energy-efficient as possible. He says that sometimes replacing the roof sheathing and other structural support components is also necessary and his crew can easily handle that if necessary. Miller mentioned there is nothing more satisfying for him and his crew than stepping back from a home at the end of the day and seeing a new roof on it that helps it stand out from the other homes in the neighborhood.

Miller said that in addition to whole roof replacements, his company also does minor roof repairs, leak detection and resolution, and a variety of other roof-related services. They are also very good at installing skylights, installing new attic insulation, and applying commercial flat roof coverings such as TPO, EPDM, and Torch-Down Roofing.

For those that would like more information on this roofers' Clinton Township MI services, Miller invites them to contact him by phone, email, or by filling out the form on the "Contact Us" page on their website.
