

## **Philadelphia Sexual Assault Lawyers At Abuse Guardian Announce Upcoming Informational Webinar**

*April 28, 2020*

April 28, 2020 - PRESSADVANTAGE -

Philadelphia, PA - At Abuse Guardians, the Philadelphia sexual assault attorneys have scheduled the next upcoming legal webinar.

Brian Kent, the managing attorney at the law firm, shares, "We chose to host our next webinar on April 30th, 2020 at 9:30 PM, to discuss the types of sex crimes that can permit a criminal lawsuit. The act of power and violence from an authoritative figure is where most sexual abuse cases stem from. Our legal team has been fighting abusers and offenders for decades, as we believe the voice of victims should be heard. Due to the severity of these cases, having an advocate to fight on your behalf can help shine the light on those suffering in the shadows."

The sex crime attorneys in Philadelphia at Abuse Guardians also provide other law offices in several states to broaden its legal representation for individuals in need. With compassion, dedication, and commitment, the legal team handles traumatic cases involving rape, sexual abuse, sexual assault, molestation, domestic violence, and sex trafficking.

?Our experienced team of lawyers is here to provide victims with the strength they need to move forward with their lives. We understand we can?t reverse the damages suffered, but we can fight for compensation to help cover the cost of medical needs the victims may require, such as therapy, counseling, and support groups. Our goal is to help guide survivors back on the right track to recovery and come out of the terrible experience stronger than before,? concludes Mr. Kent.
