Leading Pensacola Sunroom Provider Highlights ?Stay-cationing? During Travel Restrictions

April 28, 2020

April 28, 2020 -

Pensacola, Fla.? Fred Genkin, owner of Titan Sunrooms in Pensacola, FL has been able to successfully create a vacation-like atmosphere for his clientele right in their backyard. Sunrooms in Pensacola FL are a staple in the regional community, yet many are unaware of the full potential of these innovative builds. During times of travel restrictions due to the current epidemic, ?stay-cations? are becoming a popular option for those who want to make the most out of their time at home with friends and family.

"In lieu of travel we're seeing families investing into their homes. They're creating fun, expanded livable spaces like screened-in patios and glass sunrooms," Fred Genkin, founder of Titansunrooms.com recently stated.

The Colorbeam Framing System is a huge aspect in Titan Sunrooms ability to create custom spaces for the regional area. A combination of specifically made aerospace quality aluminum alloy mounting profiles generate a mounting product that is stronger and more sturdy than standard building products offered in the area.

In addition to the Colorbeam Framing system, the Blockhouse Shed series has been growing in popularity among those who want to create vacation spaces out of their Pensacola screen rooms. Blockhouse Sheds by Titan are 100% insulated and completely finished inside and out. The custom-built sheds have the ability to be air-conditioned or heated and have been marked great for a home business, home school, man cave or she-shed.
