

Northern Virginia Roofers Win President's Club Award 2019 Master Elite Contractor

May 13, 2020

May 13, 2020 - PRESSADVANTAGE -

Rockville, Maryland based general contractor American Custom Contractors is proud to announce that they won the 18th Annual GAF Wealth Builder Award in 2020. The company was presented with the President's Club Award 2019 Master Elite® Contractor, a testament to the fact that they have been providing excellent home improvement services for over four decades.

GAF is a Standard Industries company and the largest roofing and waterproofing manufacturer in North America. The GAF President's Club Award is presented annually, and it celebrates exemplary efforts in high-quality service and leadership in the roofing industry across North America.

The President's Club Award winners are selected from a group of elite roofing contractors who must first meet several requirements, including proper licensing (in states that require it), insurance, a proven reputation and a commitment to ongoing professional training. Further, to qualify, all contractors must also have met the criteria to earn the designation of a GAF Master Elite® residential contractor, GAF Master Select? commercial contractor or GAF Premium Coating System commercial contractor. The awards are exclusive in nature, with only 1-2% of roofing contractors nationwide qualifying. They can earn one, two or

three stars for meeting specific criteria across high standards for reliability and service. The award won by American Custom Contractors, the GAF Master Elite® Contractors, is the gold standard of GAF's Certified Contractor Program. As explained by GAF, over 90% of property owners would recommend their GAF Master Elite® Contractor to others.

William Giakoumatos, a representative for American Custom Contractors, says, "We are very proud to be able to say that we have won the President's Club Award 2019 Master Elite® Contractor. American Custom Contractors was judged and awarded based on our excellence in warranty registrations, employee training and quality installations. We could not have done this without our employees, customers and community, all of whom played a very important part in helping us get to where we are. We are very grateful for your continued support, and we look forward to serving you for years to come!"

American Custom Contractors has been hard at work redefining the contracting experience since they started operations in 1972. The company is entirely family owned-and-operated. They staff only the most skilled contractors in order to ensure their customers get nothing but the absolute best service. The Northern Virginia Roofers and their certified professionals handle a wide variety of home improvement services for both homeowners and businesses. Whether a project involves roofing, siding, windows or sunrooms, the company offers a comprehensive service as well as high-performance products for complete customer satisfaction.

Giakoumatos says, "We believe that our success is not determined by the amount of profit we make but by the satisfaction of our clients and the referrals we receive as a result. American Custom Contractors is determined to exceed the expectations of every client we work with. Our licensed team is all you need to ensure that your project reaches a satisfying conclusion. If you've been thinking about doing some work on your home, we can unequivocally say that we are the best choice for you. After all, we are Northern Virginia's most trusted home services company." American Custom Contractors Northern Virginia Service Area includes Fairfax County, Loudoun County and Stafford County.

The excellent services provided by American Custom Contractors have allowed the company to rise to prominence as one of the best general contractors in Maryland. On the company's website, a 5-Star review by Hugo A. says, "Outstanding company. We recently used American Custom Contractors to replace our roof that had been damaged by hail."

Meanwhile, Judy R. says in her review, "Very professional, skilled and efficient. They fixed the roof and ceiling of our home quickly and did a great job!" In another review on the same page, Richard B. shares that they enjoyed an, "Amazing service," and, "great pricing" got our roof done in one day, braving the elements. Very professional staff. Had several professional interactions with different members."

Those who want to learn more about American Custom Contractors and the various services they provide can find more information on the company's website. Additionally, the company encourages interested parties to get in touch with William Giakoumatos directly via email or phone. Alternatively, the company can also be reached through the contact form on their website. American Custom Contractors maintains a presence on Facebook where they frequently post updates and communicate with their customers.
