More specifically, the webinar format has made it very easy for us to share and convey our legal insight with our neighbors in Christiana. In our latest event which is to be held on May 11th at 8:30 PM, we will be discussing the topic of injuries resulting from negligence."

Mr. Banville continued, "Throughout the years, we've found that victims of injuries rarely know their legal rights. As dedicated personal injury attorneys, we know that there is nothing worse than not understanding

how the law protects you. By holding these kinds of informational online seminars, we truly hope to change that. In teaching the public about the laws surrounding negligence and how it protects victims, we hope to do our part in improving our community."

Personal injury law is a broad term that can encompass a large variety of cases. It is most commonly associated with slip and fall incidents, but it can also include automobile and motorcycle accidents, defective products or medicines, medical malpractice, and premises liability.
