Camden, NJ Auto Accident Lawyers Tus Abogados Locales Will Hold Legal Webinar

May 11, 2020

May 11, 2020 - PRESSADVANTAGE -

Camden, NJ - Tus Abogados Locales, a team of experienced auto accident lawyers in Camden, have announced that they will be holding an online information session later this month.

Tus Abogados Locales is a personal injury law firm located in the heart of Camden. As injury attorneys, the legal professionals who work out of the Camden law office have experience handling a significant amount of auto accident claims.

Laurence P. Banville, one of the attorneys at the firm, shared some insight, "We've been working with victims of auto accidents in Camden for many years now. This time has allowed us to become experienced practitioners, all while helping to defend the rights of the victims in our community. Aside from representing clients, we also hoped to help members of the community by holding these digital webinars. In the latest one, which we are holding on 5/11/2020 at 8:30 PM, we will be covering the basics of auto accident laws."

"Just about anyone can get in a car wreck," continued Banville, "which is why we think it's important to be prepared, to have a plan. You need to know what to do right after it occurs. Who you should call. If you

should take pictures or now. We will be covering all of these topics and more."

The Tus Abogados Locales team is experienced in car accident claims, but they also manage other types of injury disputes such as workmans' comp, disability benefits, and slip and falls. The team is renowned for offering free consultations as well as for their contingency fee structure.
