Cherry Hill, NJ - The Cherry Hill adoption agency from AFTH is excited to announce the date of their upcoming adoption webinar.

On May 20th, 2020, at 4:00 PM, our webinar will be hosted by one of our professional and informative social workers. This presentation is a great way for prospective adoptive parents to learn about our Domestic Adoption Program, which places infants directly into the arms of their adoptive families from the hospital. We hope this educational webinar opens possibilities for interested families and allows us to answer any questions they may have, shares Heidi Gonzalez, the executive director of AFTH.

The adoption agency in Cherry Hill has helped build over 6,200 beautiful families since 1985 and works with people all across the country. AFTH offers prospective adoptive parents with domestic and international placement services, giving families in-depth counseling, conducting home studies, and facilitating all aspects of the adoption process.

Ms. Gonzalez goes on to explain, "We understand what a life-changing experience adoption can be, and are

thankful to be a part of the journey. Whether you're an individual seeking information on the adoption process, or a pregnant woman interested in her options; our mission is to ensure that you make the right choice for your child and yourself.?
