May 11, 2020 - PRESSADVANTAGE -

Harrisburg, PA - The Harrisburg adoption agency from AFTH will be hosting their upcoming birth parent support group virtually.

Heidi Gonzalez, the executive director from AFTH states, "We chose to host our upcoming webinar on May 18, 2020, at 6:30 PM, for birth parents to receive supportive guidance from our educational and compassionate staff. Choosing adoption is a huge decision and our committed caring counselors want to provide birth parents with the necessary information they need to help them make the best decision for their child and themselves."

Since 1985, the adoption agency in Harrisburg has helped establish more than 6,200 wonderful families and works with individuals all over the country. AFTH provides prospective adoptive parents with domestic and international placement programs, assists with in-depth family counseling, offers home studies, and supports all elements of the adoption process.

"Joining a support group can create so many opportunities for women to meet others who are also

considering adoption or might have already gone through the adoption process. Connecting with others and understanding what legal options are available, is an essential step needed to help you make the decision that is best for you,? concludes Ms. Gonzalez.
