

Banner Construction Now Offering Simonton Window Replacement Services In St. Louis

May 15, 2020

May 15, 2020 -

St. Louis, Missouri based Banner Construction is reaching out to the community to announce that they are now installing Pella replacement windows. The local company complements their broad catalog of products with experience, as Banner Construction has been serving the St. Louis community and the surrounding areas for over 20 years.

With the addition of Pella Windows to their numerous options for window replacements, Banner Constructions seeks to elevate the quality of their services by guaranteeing that their clients can always find an option that fits their needs. Both the high-quality and durability of Pella products played a significant part in the company?s decision to add this line of product to their window replacement services. They look forward to bringing this new solution to the community.

Jessica Bendow, a representative of Banner Construction, states, ?We are always looking for new options that suit a variety of requirements and complement various price ranges. This is something that Pella

Windows excels at, with the simplest options starting at $200 and going up to $1,000. All of these items have unique characteristics that we believe will complement our products perfectly, expanding each of our customer?s opportunities for their new and exciting remodeling projects.?

Pella Windows currently offers several lines of new construction and vinyl replacement windows. The main characteristic of these items is their resistance to impact and overall sturdiness, especially given the fact that they were designed for hurricane and coastal applications. This allows them to withstand even the most adverse circumstances. Pella Windows? products also feature a diverse range of window styles crafted to suit any architectural design. The variety of colors, shapes and styles available make them one of the most coveted options for builders and homeowners, especially those who rely on the manufacturer as their go-to option for a reliable and durable, yet affordable, window model.

Banner Construction offers window options for clients looking for a different style, price or function. Pella Windows, stand out for their quality as well as the continuous improvements and innovations they have been granted in order to adopt energy-saving measures. Pella Windows are created with the purpose of helping homeowners create a beautiful and long-lasting space without making any compromises in quality. Their materials include wood, fiberglass and vinyl, complemented by a variety of sizes, styles and colors that make Pella Windows one of the most complete options available.

Throughout their history, the company has earned a distinguished reputation as one of the best and most reliable contractors in the area, becoming the go-to option for many local homeowners. The company takes great pride in this reputation, maintaining that they have always considered their customers to be their first and foremost priority.

Bendow states, ?We are committed to bringing our customers the best window replacement options on the market at a fair price. On top of this, we also guarantee the quality of the craftsmanship in all of our installations, dramatically reducing every client?s home maintenance costs and allowing them to spend their leisure time in better ways. We have a deep commitment to our clients, and that is to look after them and make sure that their projects are completed in a satisfactory manner.?

Banner Construction boasts several customer reviews that attest to the excellence of their service, placing them as one of the best-rated contractors in the area. One of their most recent customer reviews, as shared by David Knight on the Google platform, says, ?After reviewing Banner, we decided to go with them for all of our external updates?new roof, gutters, siding with soffits and fascia. They were extremely easy to work with and their crews did great work! We also gave them a tight and challenging window to do the work and they made it happen. We even got personal attention from the President of the Company to resolve a minor problem.?

The company?s website offers more details on Banner Construction and their services. The company has invited any interested parties to reach out to Jessica Benbow, saying, ?Contact us if you need to follow up on any further inquiries, and we?ll gladly help.? Similarly, the company can be reached through their social media platforms.
