August 24, 2015

August 24, 2015 - PRESSADVANTAGE -

TantrumMobileSprayTans.com had a mission to bring the safest and best professionally applied 100% natural spray tan in the industry to South Florida, they have succeeded. Today they will add spray tan Delray to their service area. For any & all occasions weddings or reunions, office parties to social events, performances or simple indulgence, Tantrum provides all the benefits of an amazing spray tan directly to its' customers, in the privacy of their own home or performance venue.

"UV tanning in beds come with tons of risks! More and more people are turning to the safer alternative, the spray tan. Our staff provides even natural results delivered to our customers. All our staff are trained professionals and commercial grade spray tan guns." Says Melinda Dixon, Owner of Tantrum Mobile Spray Tans.

"Tanning beds use ultraviolet (UV) light, a known carcinogen, often at strengths 10 - 15 times stronger than summer midday sun exposure." excerpt from a report prepared for the House Committee on Energy & Commerce. The World Health Organization lists tanning beds as a dangerous form of cancer-causing radiation. In the U.S. non-melanoma skin cancer strikes about two million individuals annually, with 50% - 90% of all cases resulting from UV radiation." Source: WHO.

"Spray-tanning technology has come a long way from its beginnings when people often complained of orange skin & short-lived, splotchy and sometimes even smelly results," reported by the Wall Street Journal.

"At Tantrum we only use all-natural solutions. Our professionally trained and certified techs analyze every clients skin and discuss their desired results before they professionally apply our spray tan solutions. Clients love their spray tan experience and results because it leaves them looking natural, even & best of all...it's safe." says Dixon, TantrumMobileSprayTans.com owner.

According to TantrumMobileSprayTan.com, the professional staff offer a relaxing experience free from

harmful side effects. The spray tan is applied at their clients homes, in their offices, even at their performance venues. The service is perfect for busy professionals and health conscious folks who don't want to deal with harsh tanning bed bulbs. The risk of premature aging and skin cancer are just too great to not look for a better alternative.
