

# Locksmith Tampa Wants People to Know They Are There for Them 24-7 if They Need Help While Visiting Local Attractions

*June 02, 2020*

June 02, 2020 - PRESSADVANTAGE -

Unlock Me & Services Inc, a reputable Locksmith Tampa, is proud to be a part of the beautiful Tampa Bay area community. They also want people to know that they will be there for them if anyone needs lock or key help while visiting local attractions. This company is a fully mobile locksmith that does home, commercial, and automotive locksmith services right at the customer's location. They are also there for their customers 24-hours a day with emergency locksmith services. That way the fun never stops long for their clients even if they have an emergency lock or key while taking advantage of all that the Tampa Bay area has to offer. This includes late-night, weekend, and holiday emergency locksmith services.

The company owner, Martin Sztein, had this to say, "It's no secret that those at our company love the Tampa area attractions just as much as other locals and tourists. Unfortunately, sometimes we are visiting these attractions to help someone out of a pinch instead of enjoying them ourselves. So if you see one of our service vehicles at Curtis-Hixon Waterfront Park, a Devil Rays game, or the Tampa ZooQuarium, know that we are not there to have fun ourselves but to help someone else continue having a good time. That is one of the main reasons that we are staffed around the clock 365 days a year. Everyone needs to get away once in a while these days with all that's going on in the world and a lost key or an improperly-working door lock should never be allowed to interrupt the fun for long. There is no place in Hillsborough, Pinellas, or Pasco county that we won't go to help someone with their emergency lock and key needs."

Sztein went on to mention that they are a Tampa Locksmith that has been in business so long that there is no area attraction that he can think of that they have not responded to a lock or key emergency at. He said he vividly remembers going to such places as the Tampa History Cruise parking lot, Raymond James Stadium, and to the iFLY Tampa Indoor Skydiving center. The company owner says that he has even gone to help people with their emergency locksmith needs at the Tampa Riverwalk, Indian Rocks Beach, and at Centro

Ybor City. They have also responded to many calls for emergency locksmith help from both restaurant patrons and employees. According to the owner, as long as the person who needs emergency lock and key help is in an area that has vehicle access, they will make sure they get to them to give them the assistance that they need.

The company owner also pointed out that they are very experienced when it comes to doing residential, commercial, and regular auto locksmith services too. He says that in addition to lock repairs and key duplication, they are also one of the Tampa area's biggest lock suppliers. That includes supplying and installing a wide variety of both electronic and mechanical locking devices. Sztein went on to say that many Tampa area businesses use their commercial locksmith services to supply and install keyless access control devices. This eliminates the need for companies to constantly have to update and keep track of the keys they would have had to issue to their employees.

This trusted Tampa locksmith is also very highly rated by those that have used their services. There are over 120 great reviews on them on their Google Maps Business listing alone. When these reviews are averaged, the company scores an excellent 4.9 out of a possible 5-stars. That is exceptional for a service-based business. Dr. Tilwonda Fowler had this to say in the review of the company she left on their Google Maps Business Listing, "I would rate them higher if it was possible! I would professionally and personally recommend this company!!!! I called abruptly with a dire emergency of needing 4 key cylinders to be re-keyed and the service gentleman by the name of Martin showed up less than 20 minutes of calling. He was swift, thorough, highly knowledgeable, and very kind. He was done in minutes and I commend him for using COVID-19 precautions. His gear, techniques were superb! If I could give higher than five stars. They had the cheapest rates out of many companies, but service with precision! You would not be disappointed doing business with Unlock Me."
