The company is focused on developing unique products that help people stay safe. Shahar, a representative for SLFORCE LTD, says, "For us at SLFORCE, the top priority is ensuring our customers' and their families' safety. Whether you are jogging early in the morning or late at night, having your teenager out at a party late or just taking a late night stroll, we want to make sure that you are safe. With the SLFORCE Siren Song Alarm, no matter the situation, you can rest assured knowing that your safety is just a second away. The SLFORCE Siren Song Alarm is a great choice for kids, teenagers, the elderly, students, joggers?basically everyone.?"

As SLFORCE LTD explains, the Siren Song Alarm is designed with the idea that an attacker's worst enemy is attention. The handheld Siren Song Alarm has been carefully designed to provide a simple and quick solution that requires no thinking. Just by pulling on the hand strap, users can activate a screaming siren that

is 130 dBs loud?as loud as a military jet taking off?which will give them the vital seconds necessary to flee the scene and immediately attract attention. The alarm is compact and easily attaches to bags, keychains and purses for easy access.

In addition to the highly powerful and effective alarm, the Siren Song Alarm also has a built-in mini LED flashlight. Shahar explains, "You might be spending a fair amount of your day in the dark, and it's always a good idea to carry a light with you. That is why we have a built-in mini flashlight on our product that is bright enough to keep you safe on a late night dog walk or when you want to unlock your front door in the dark."

Shahar continues, "The SLFORCE Siren Song Alarm is a beautifully designed product that comes with a free D-Ring carabiner clip and in a number of different colors. It's a thoughtful and useful product that has the potential to save someone's life, and as such, our self-defense keychain alarm makes a fantastic present for any person at any occasion."

The smart design and effectiveness of the SLFORCE Siren Song Alarm has allowed the product to receive overwhelming positive reviews on Amazon. The product has a rating of 4.7 out of 5 Stars accumulated over 100 reviews. In a recent 5-Star review, Talley says, "I purchased a personal alarm because I enjoy walking alone during the late afternoon, early evening and, as a senior citizen and female, I wanted that security. I was so pleased with the SLFORCE, I purchased one each for my daughter-in-law and 14 year old step-granddaughter. The item is small, attractively designed and easy to activate. When activated, it sends off a piercing signal that should be easily heard. Thus far I haven't had to use it. However, having it gives me a good feeling of security."

In another review, Angie shares her experience with the Siren Song Alarm, writing, "These alarms are extremely loud, so I know they would be highly effective in an emergency. All you need to do is pull the pin and the alarm sounds off. Then, simply replace the pin to silence the alarm. The advertisement says that it is as loud as a military jet taking off, and I'm inclined to believe it! It is definitely loud enough to get attention in the event you feel unsafe and need help."

SLFORCE LTD also asserts that the product comes with a risk-free 100% money back guarantee. Each purchase of the SLFORCE Siren Song Alarm comes with a 6-month guarantee, no questions asked. The company states that the customer's experience with the Siren Song Alarm is very important, and their professional customer service staff will do whatever it takes to ensure satisfaction.
